"We can make it happen"
was our theme
this year
At times
we were confused about
what we could make happen
But we bought a bell,
went to state playoffs,
built floats,
Bye Bye Birdie was presented,
a yearbook was published,
and many individual goals
were accomplished.

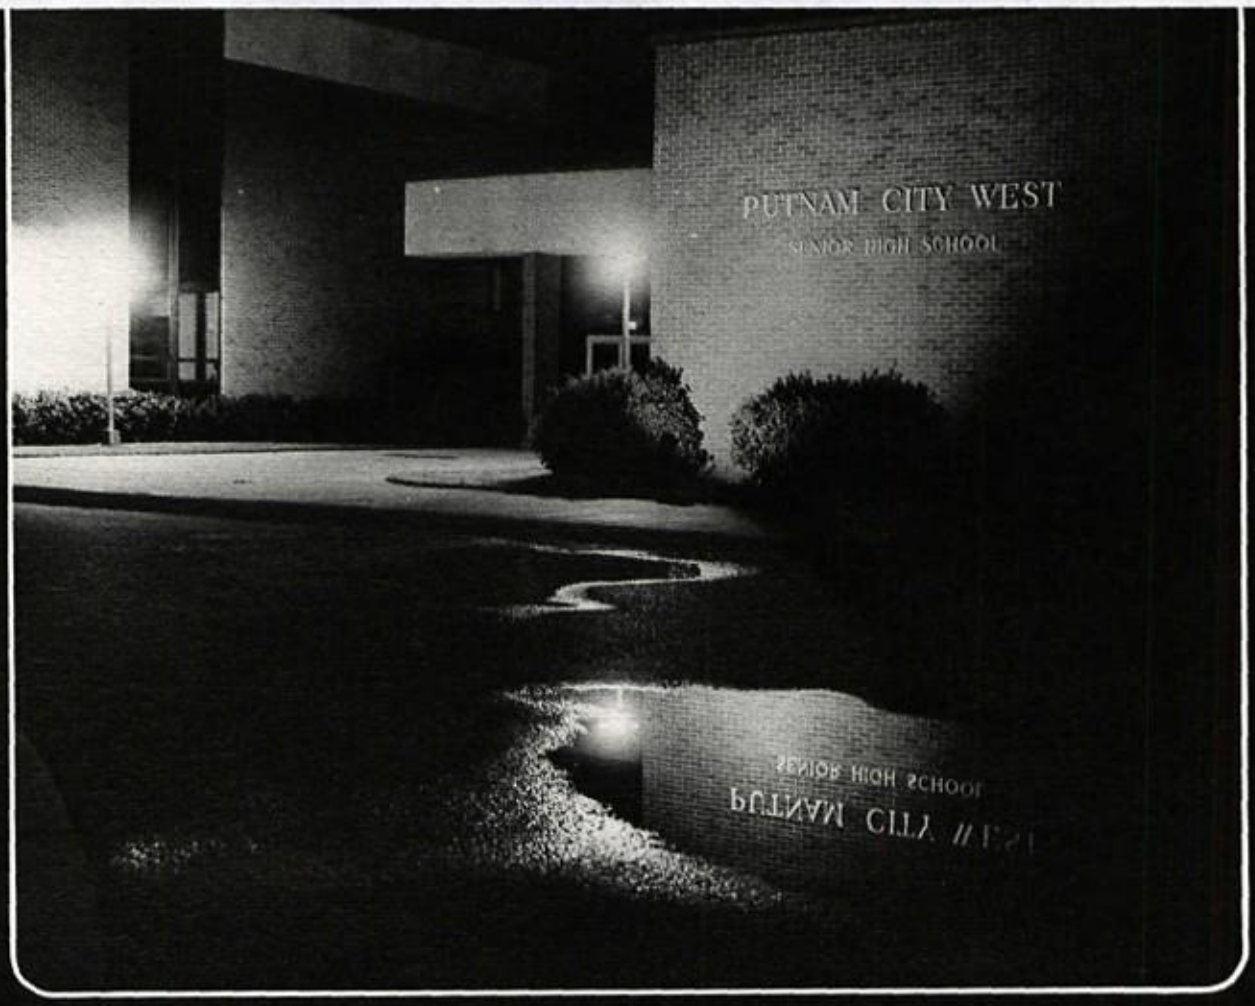
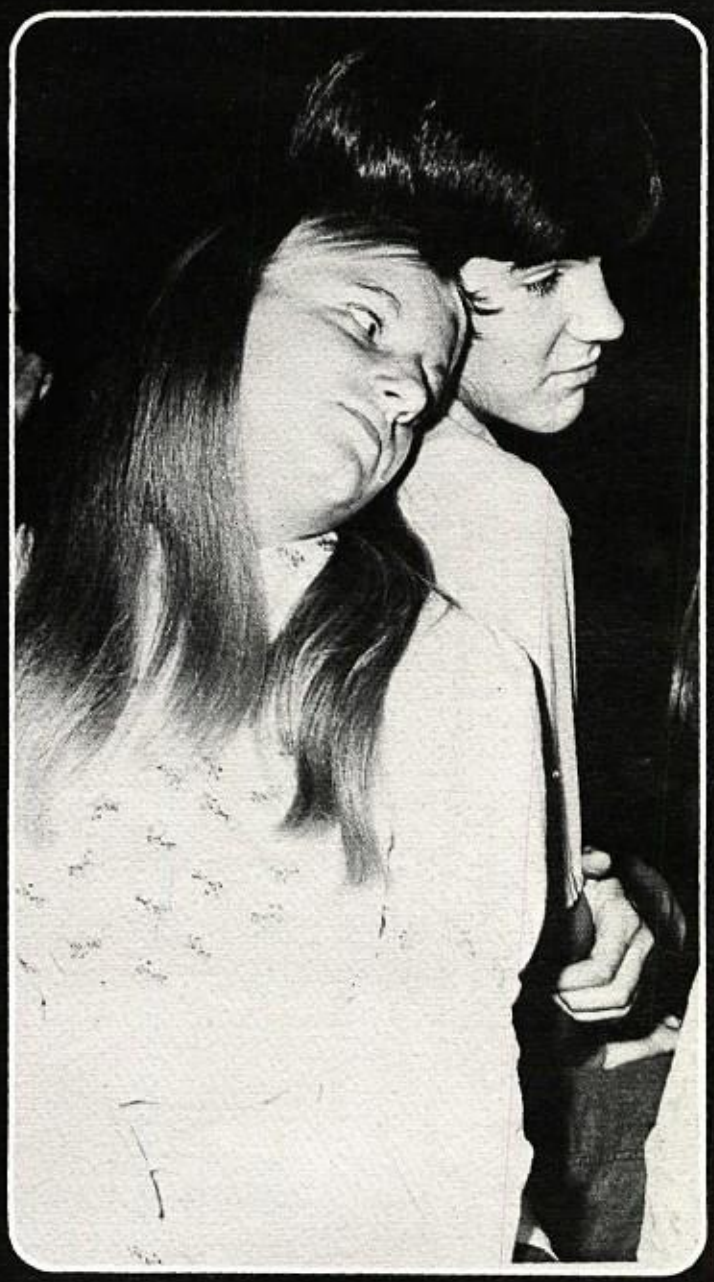
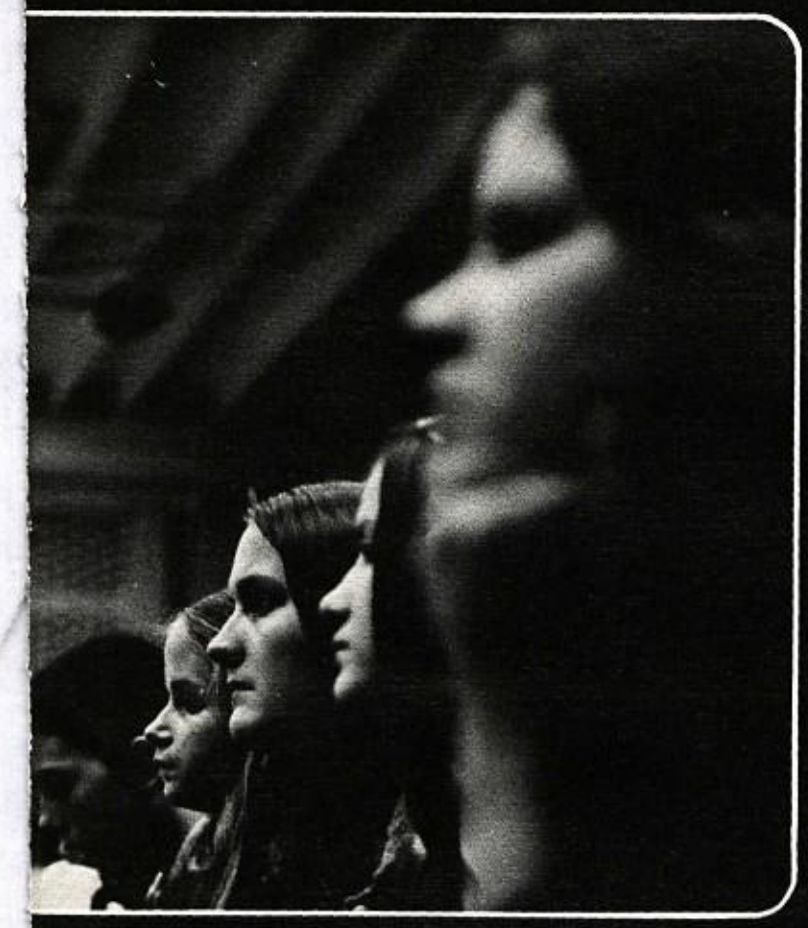
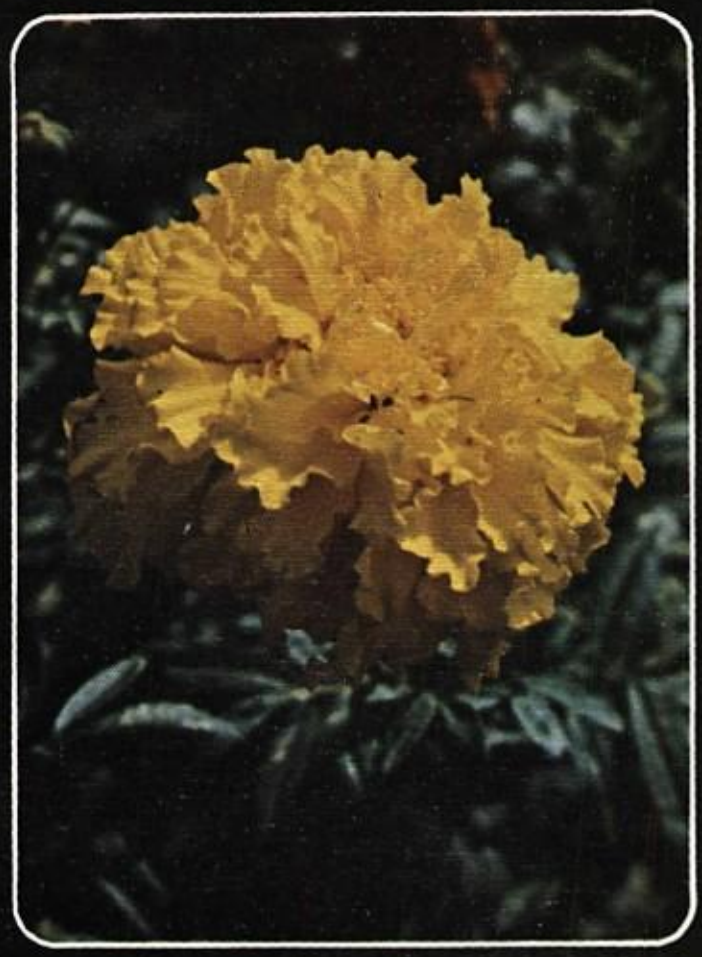
when we started this year
we started it
as we would have any year
and slowly transformed it
into a year
to experiment
and express our ideas
no matter how far fetched.
with so many different
thoughts and ideas
how could we help
but to win.

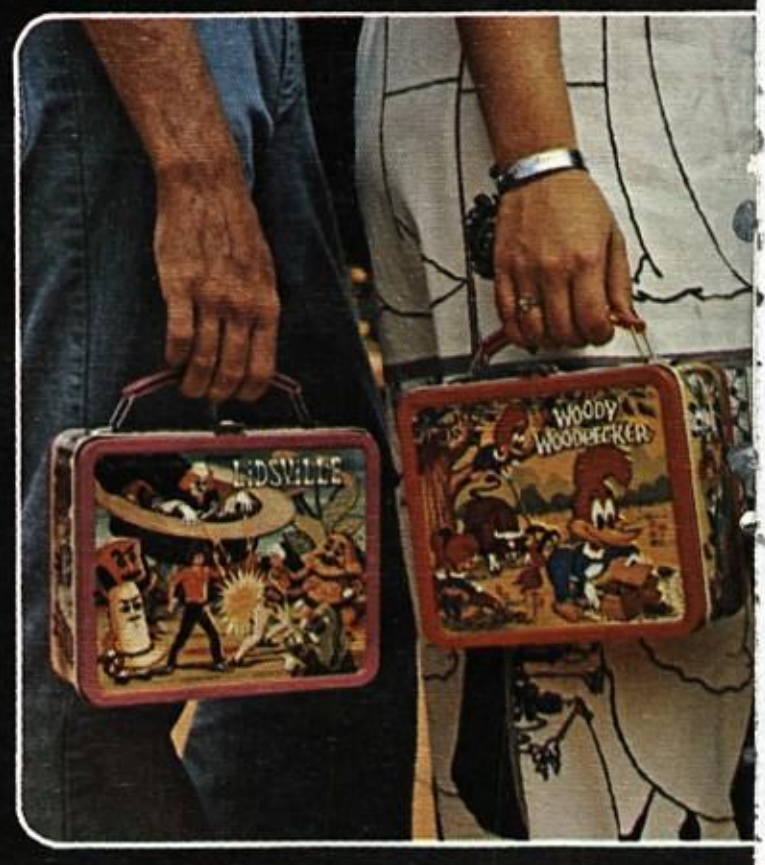


we held general assemblys
where not everyone
always agreed with
the thoughts and ideas
being expressed.
"a-patriot-to-the-clock" sermon
made us thankful
for what we have.
we all have a life
in which to search for
where we are going next
from where we've been
before.

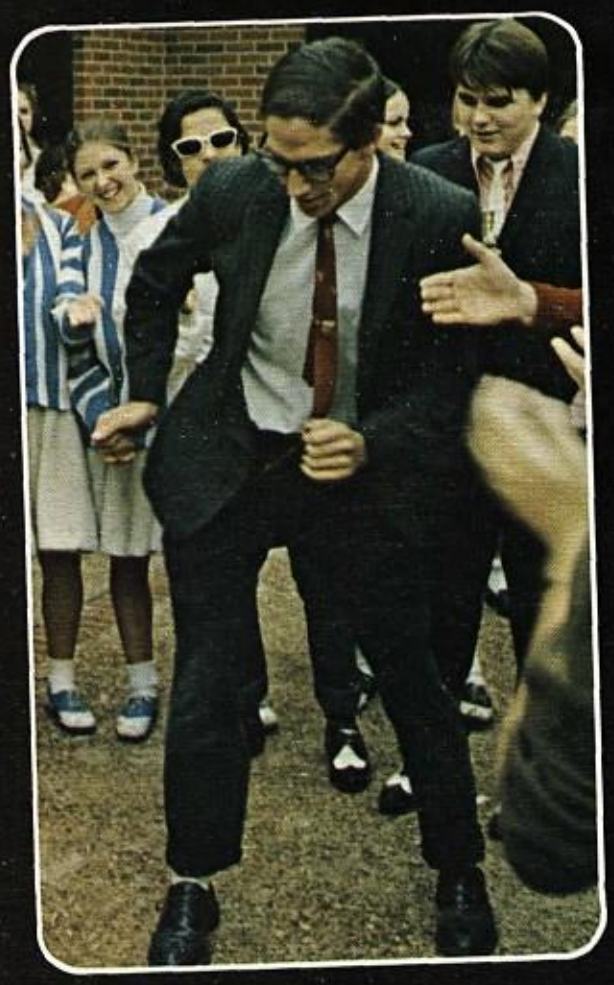




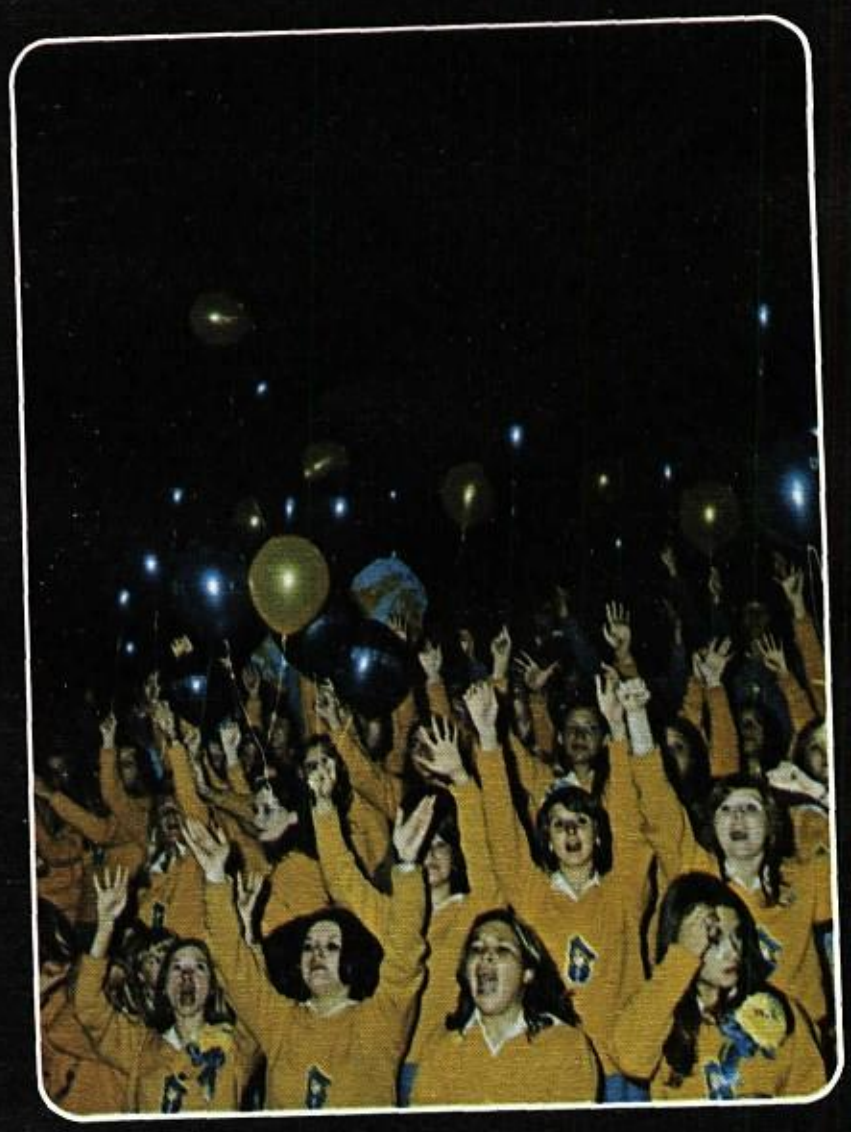


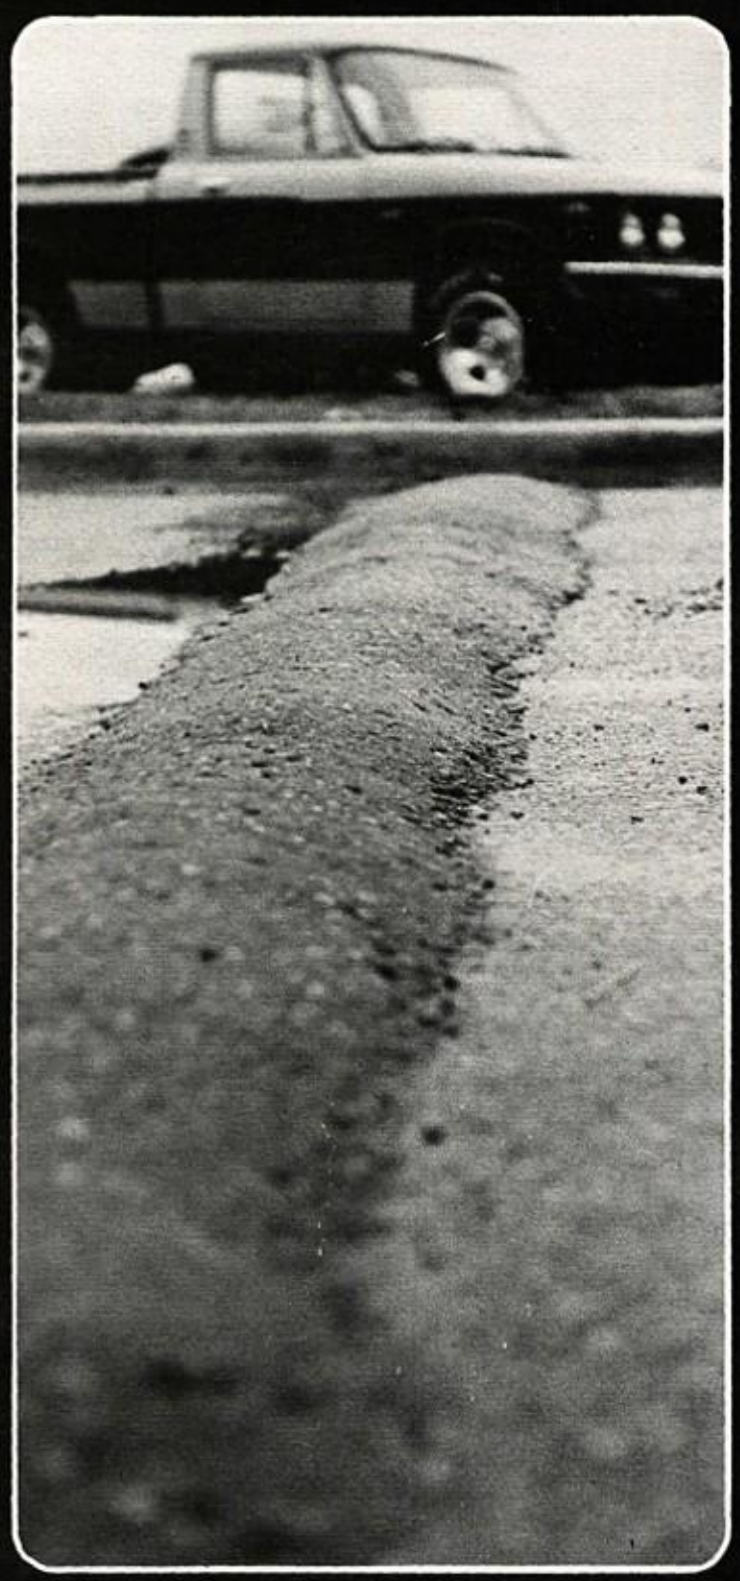


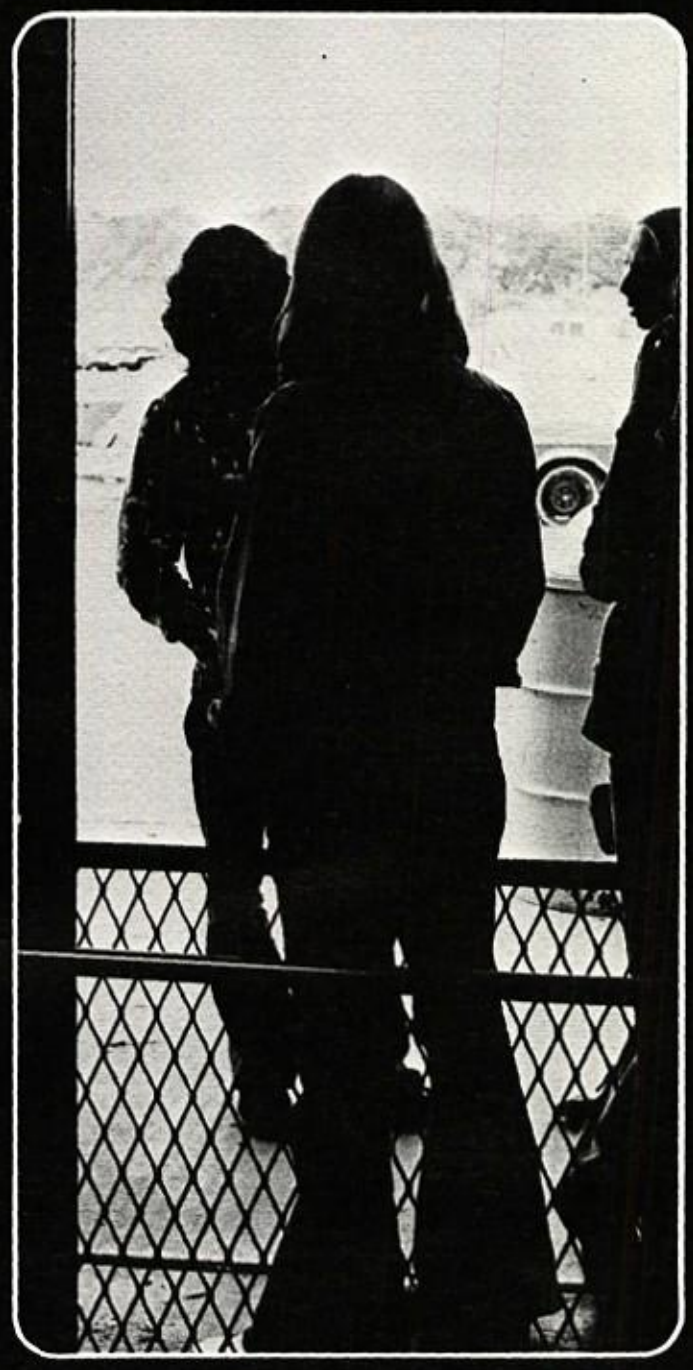
WOODY WOODPECKER

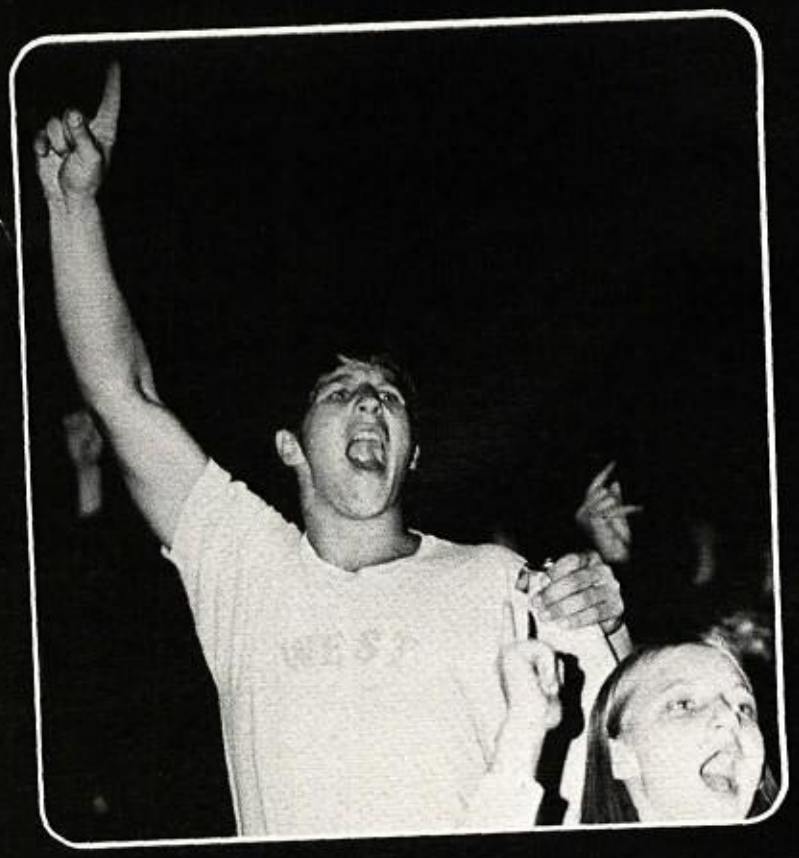


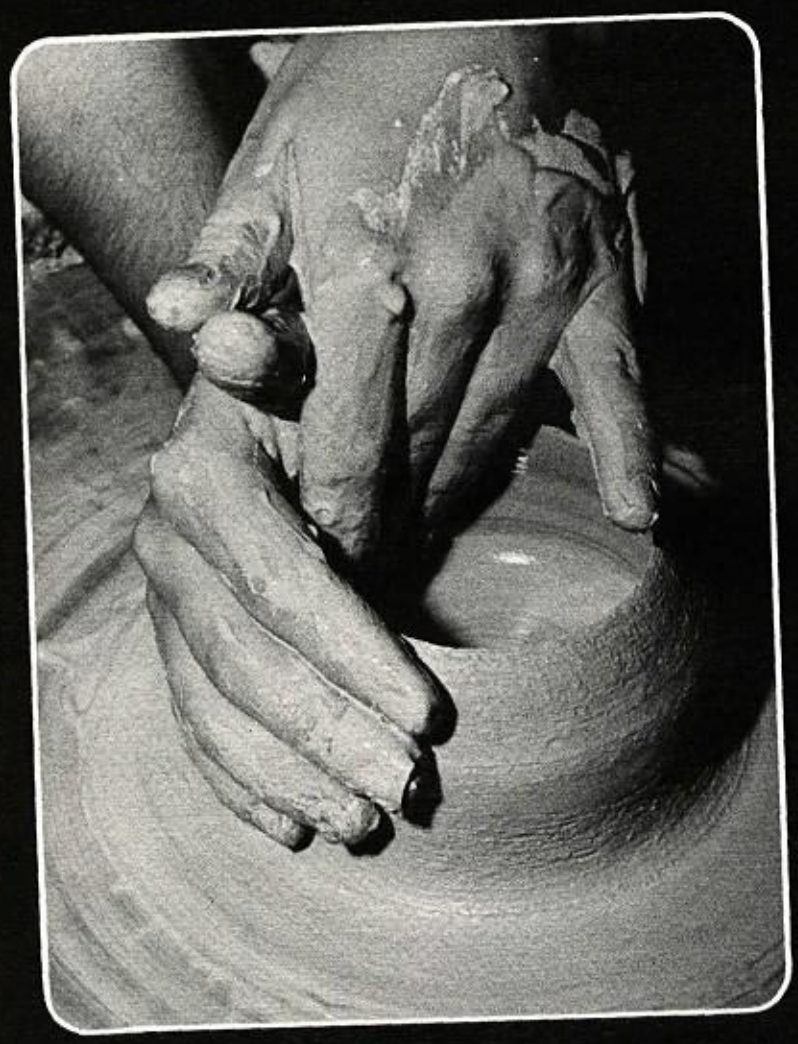
At a time when the country
was not always united
we found being patriots
sometimes a little hard
But when you have
the spirit that we do
it's a little easier.



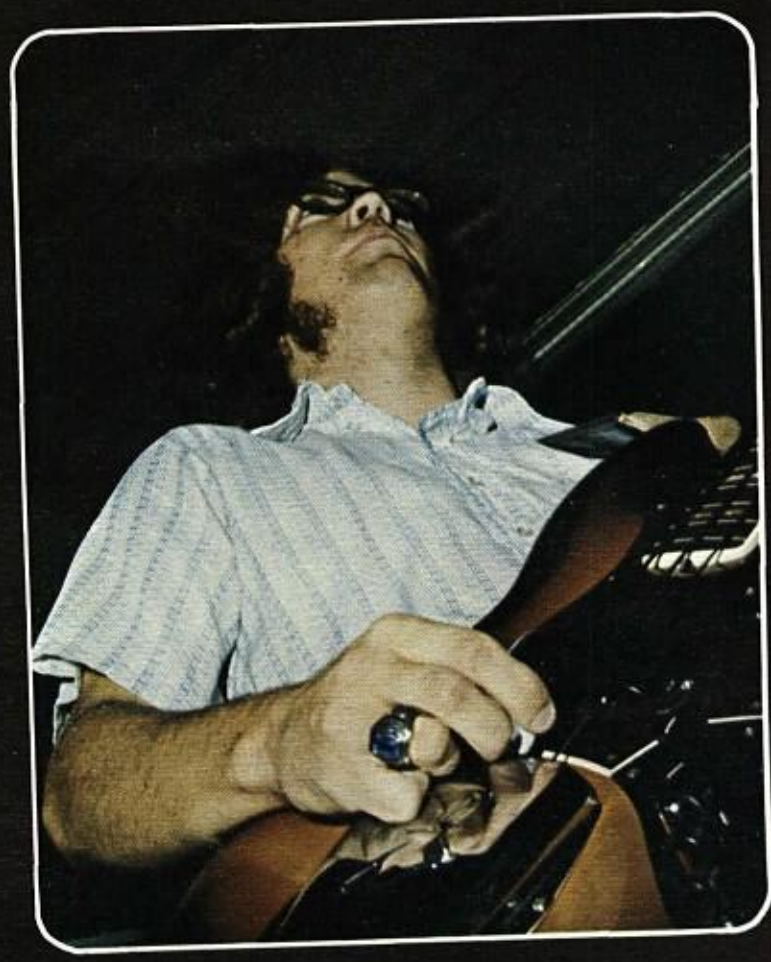


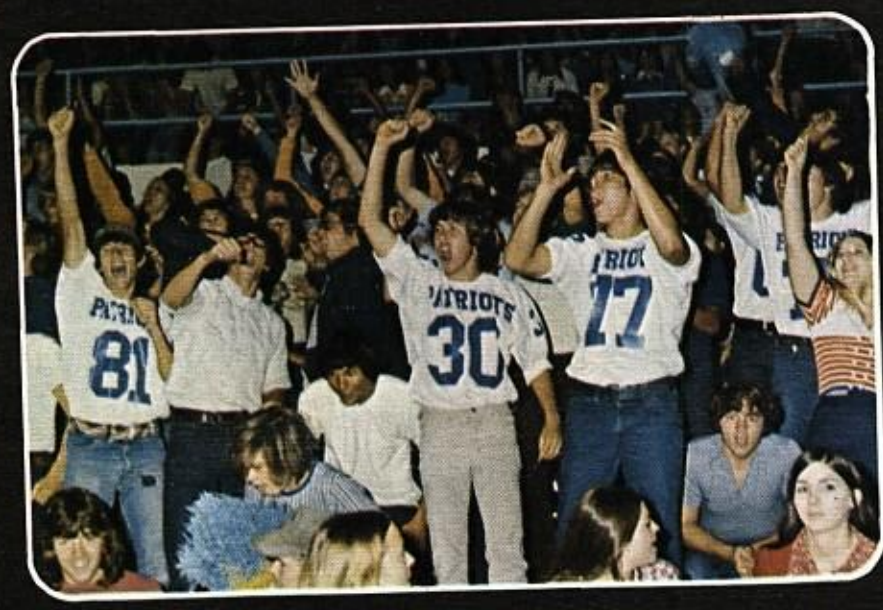


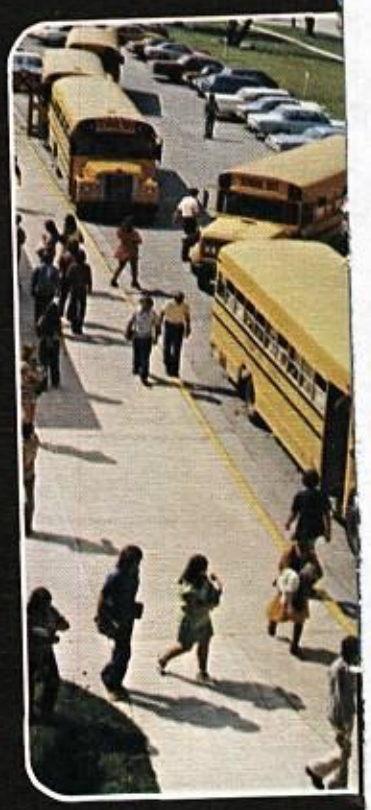




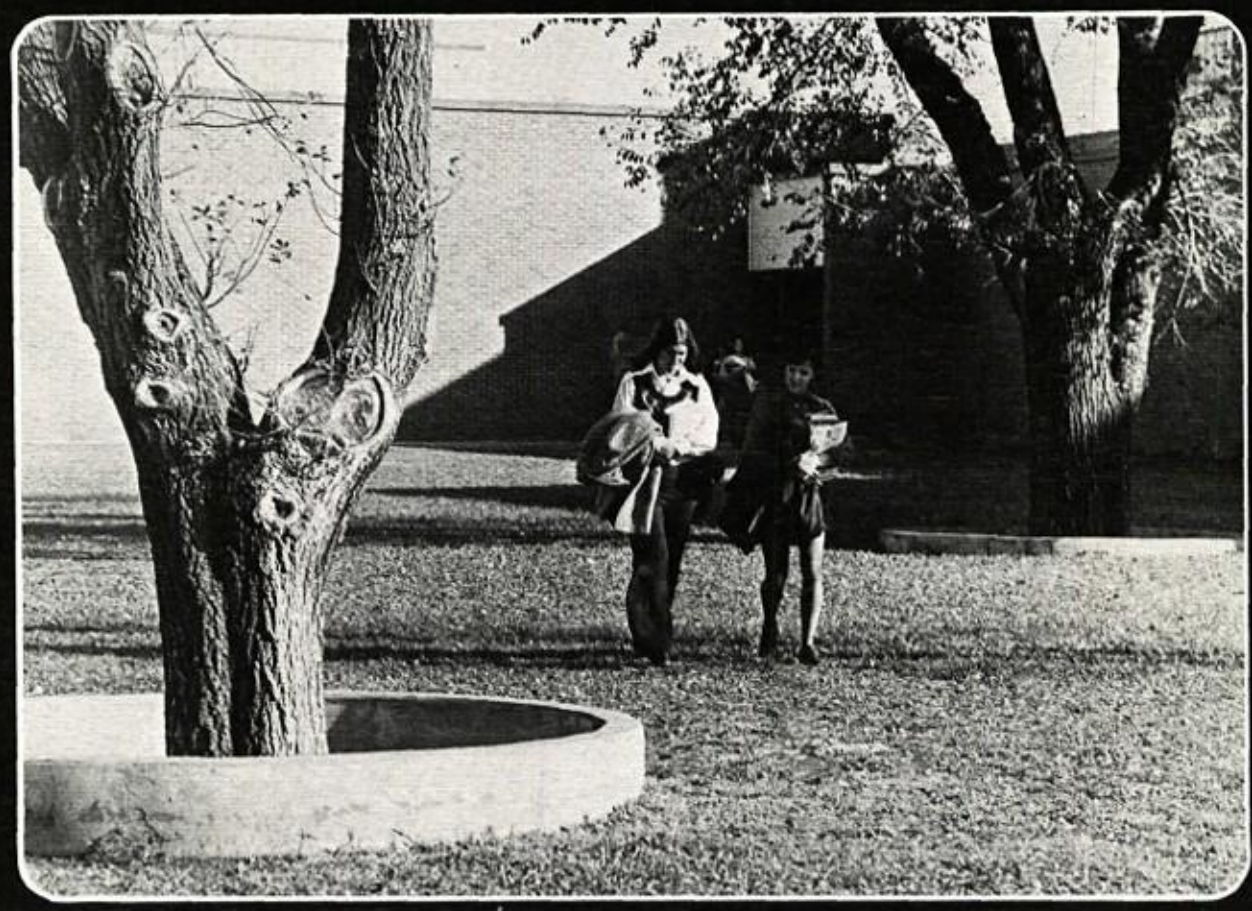
At times we wondered
what the fatality rate
of cars was this year
with the new addition
to the parking facilities
(no, not new places to park)
those speed breakers
how can we ever face
those things
so early in the morning?

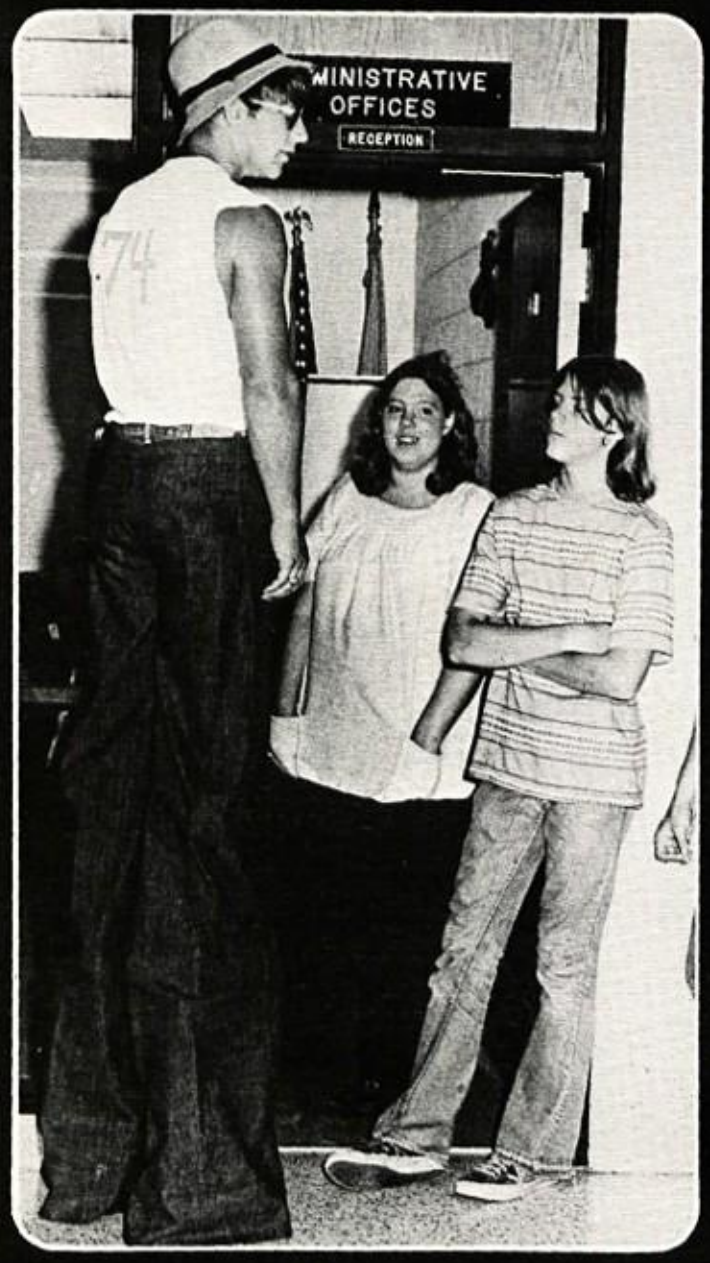






We made it happen
With a fifties day success
We took one idea
And turned it into a day
Where we went back
Into the time,
Where our parents
Were our ages
We danced, laughed,
And dressed in ways
That we won't forget.





Frisbee commons
it was lunch hour concerts,
classes,
sitting with your friends
snowball fights in the winter
and more. it was an emotion
that the three classes
here will be the last
to know the feelings
and the memories that it held.

teaching . . .
then said a teacher,
speak to us of teaching.
and he said,
no man can reveal to you aught
but that which already lies
half asleep in the dawning
of your knowledge.
the teacher gives not of his wisdom
but rather of his faith
and lovingness;
the astronomer may speak to you
of his understanding of space,
but he cannot give you his understanding;
the musician can sing but he cannot
give you the ear with which to arrest
the rhythm
for the vision of one man lends not
its wings
to another man.
and even as each one of you
stands alone in God's knowledge,
so must each one of you
be alone
in his knowledge of God
and his understanding
of the earth.

so how have we spent the year? combatting apathy but did we give the students something really to care for? we made a flag, one of the few patriotic activities a number of students participated in but there was no room in this school for it. we represent the students but out actions are approved by the administration so we're not a student government. we tried to make it happen for everybody but it's up to the individual, we had our goals, our high ideals and we went in debt, but together we fought our way out. we went to talk to students and were laughed at and we cried we cared all the more.

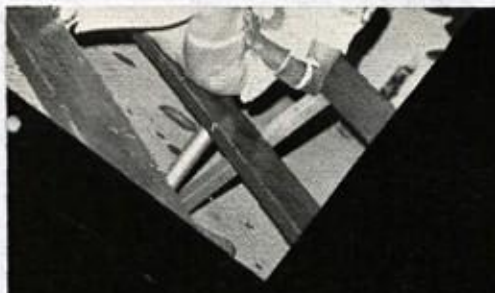
sports



sports . . .
so many sports-minded
people among us. we love
to watch others in action, in
positions we would like to live . . .
or would we?
the dedication of time,
the hours of after-school
fun down the drain, and
those practices:
what makes a person
go through those energy-
draining, muscle-straining
workouts?
"it's looking back and seeing
all those guys behind you-
that makes it all worthwhile.
one glorious moment is worth
all those hours and hours of
mind-blowing practice," reports
an athlete.
well, that may not make
much sense, but we hope
the next few pages will
show some of the feelings
and emotion that
went into the sports that
helped make putnam city west
a success this year.

so what makes a person want to
wrestle; because it's an indiviual sport
the one sport where
you win or lose alone
and it's only through these
indiviaul victories that
together the team wins.
you might say it's the
american way.
you alone exercise, work, and build
the winning body, your body.
it's you who starts from scratch
working, competing yes you who
challenges another wrestler for
his place on the team
you who develop your own particular
technique and style and
it's up to you to make it work.
alone you start — sure a good
directing, advising is a help — but it's
your body, your style.
the exercises are long and tedious
but the results show and when
it's over, the exercise
the fatigue, the caring
you share your victory with the team
but it's a personal accomplishment
it's your thing.

winning juniors march onward

patriot middlemen:
we know we belong
the class of '75
the only class to win
float competition
two years in a row.
new and old faces
look our way
as we see the seniors
off with the "prom"
feelings become
a little more meaningful;
puppy-love blossoms
into a life-long relationship.
our height
does not make us bigger;
but our junior pride does.

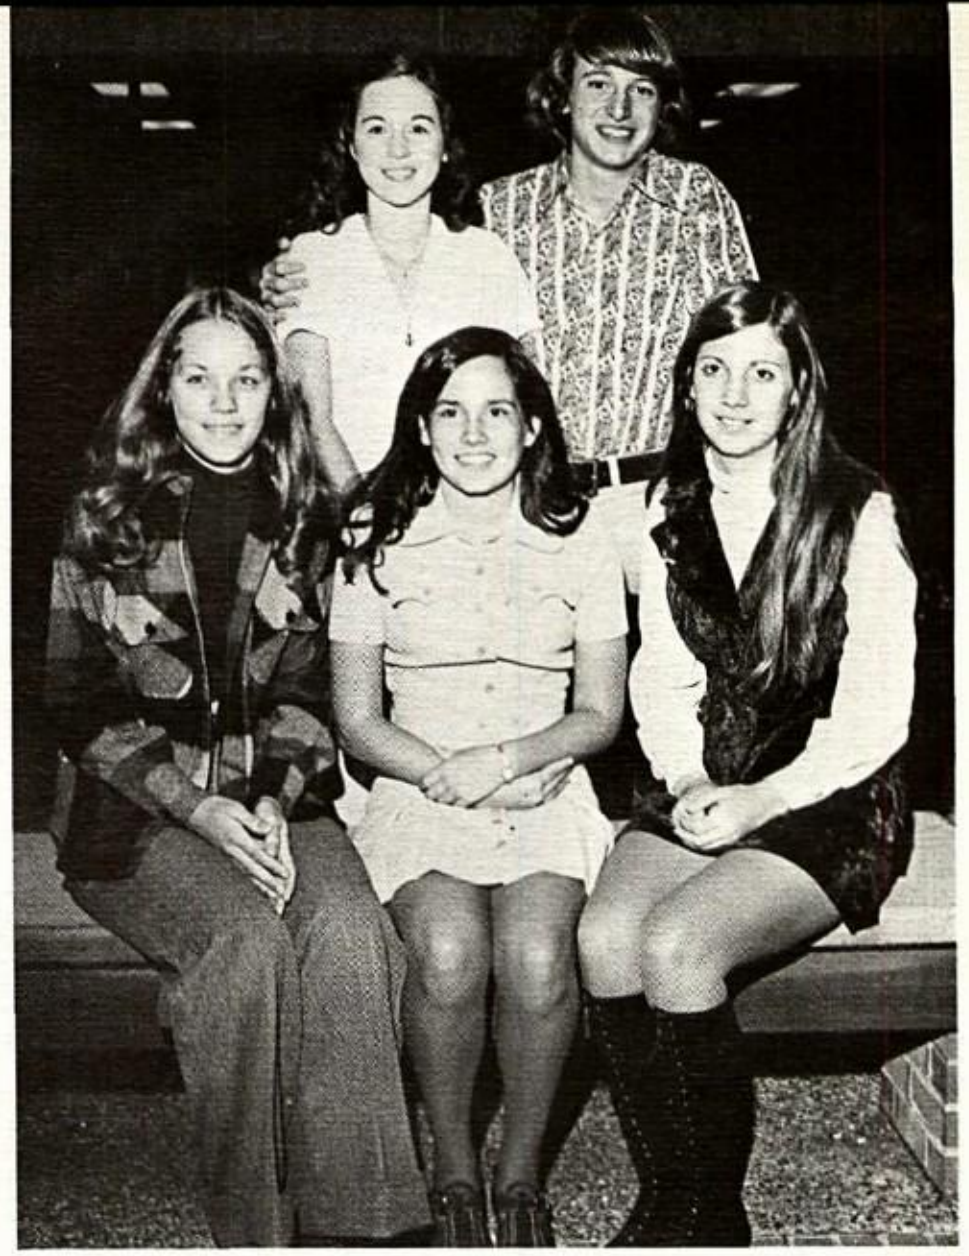
don't forget i'm important

i am a sophomore!
proud and walking tall.
don't step on me!
i am a person.
i'll gather some spirit,
left over from junior high
and make it grow every year.
i am a patriot!
i'm no longer a wildcat,
nor a warrior.
we are united as a whole.
we make things simple
our float, meaningful,
but simple
we are young, beautiful,
and care.



The sophomore Class Officers are (BOTTOM ROW) Amy Lekawski, secretary; Kim Humphreys, treasurer; Becky Wilkins, ICC. (TOP ROW) Lynn Johnson, vice president; Scott Householder, president.

This year Sophomore Class Sponsors were Gary Coston, Diane Purser, Paul Belase, Lenore Thorsen and John Hamilton.

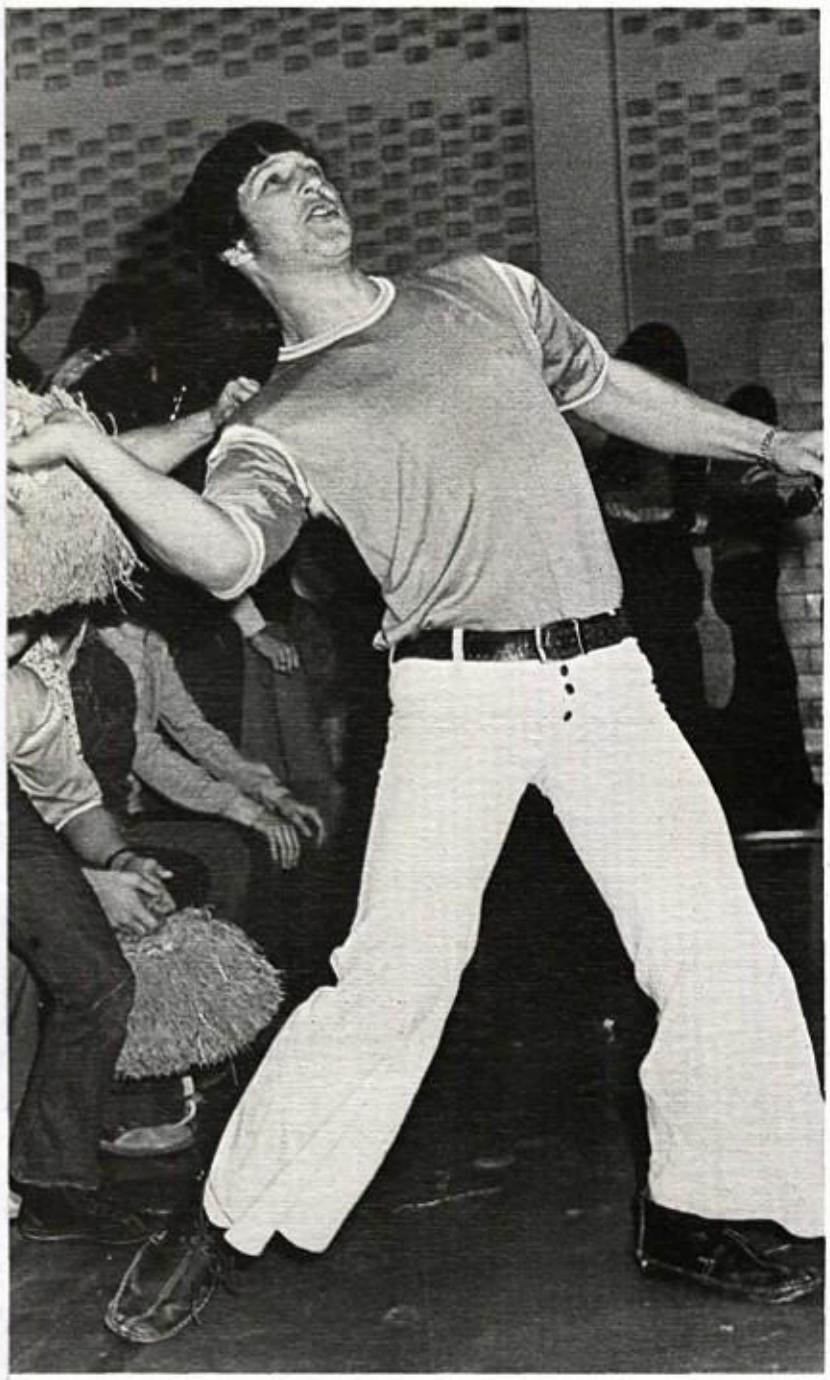
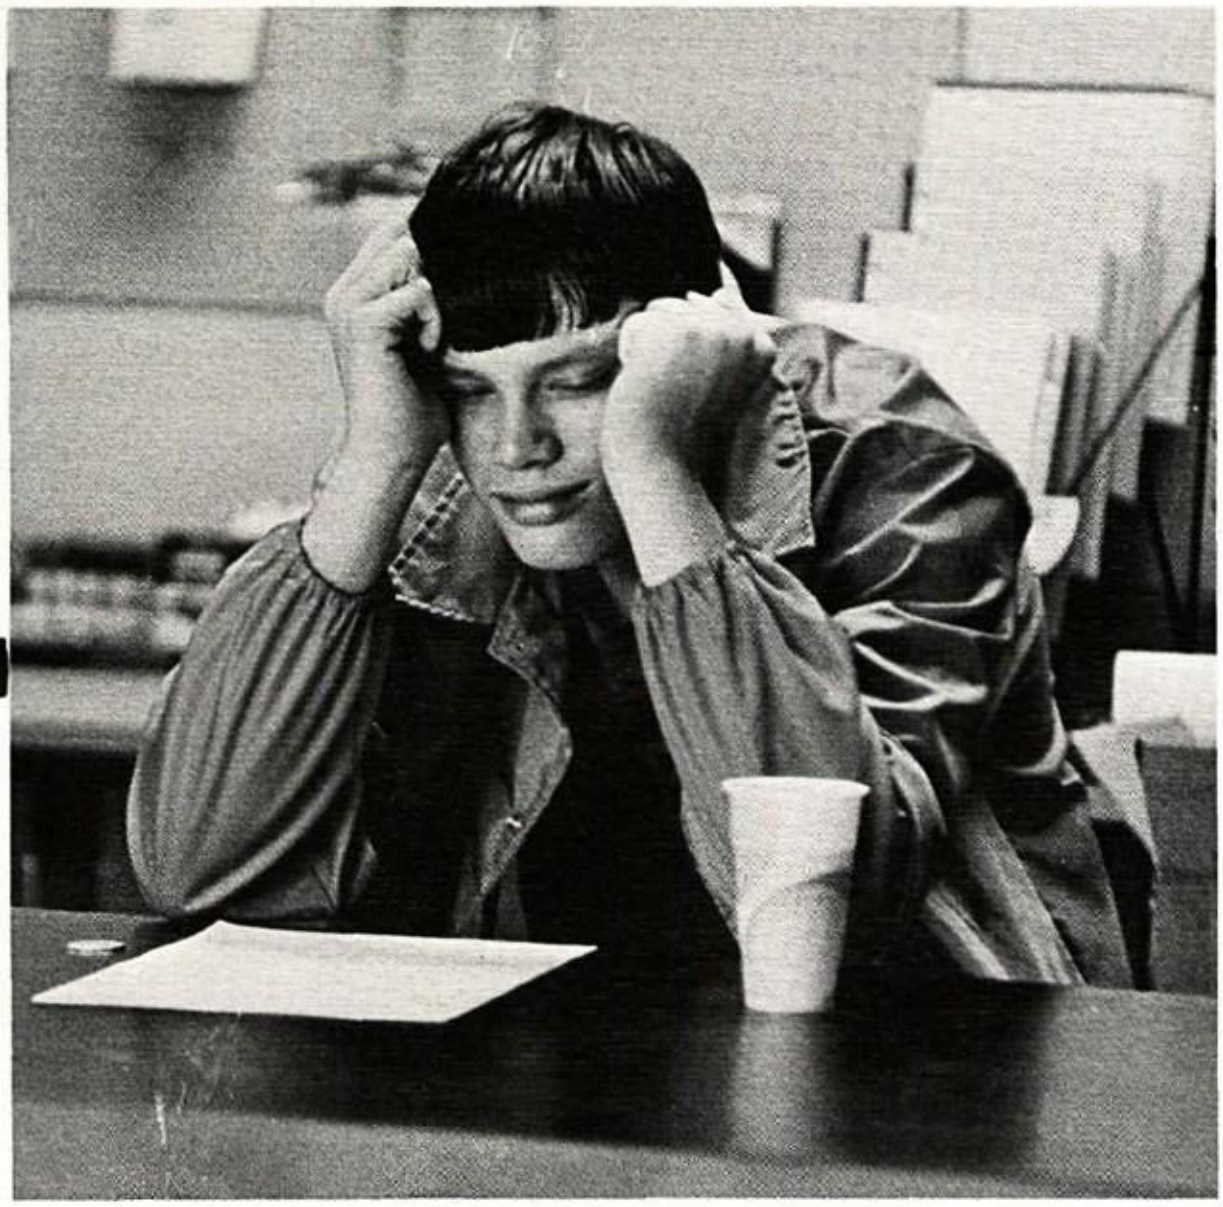
people

people . . . this section of the profile is devoted to the informal moments of patriots' lives. informal moments happen when people take off their masks and become individuals. the fast shuffle of running feet, the screaming voices of confusion and the illusion of strength that isn't able to be seen, all these create a need for masks. this section of our book is designed to show the many moods of unmasked people being people. let your mind be your guide as you recall some of these moments and become a part of these lives.

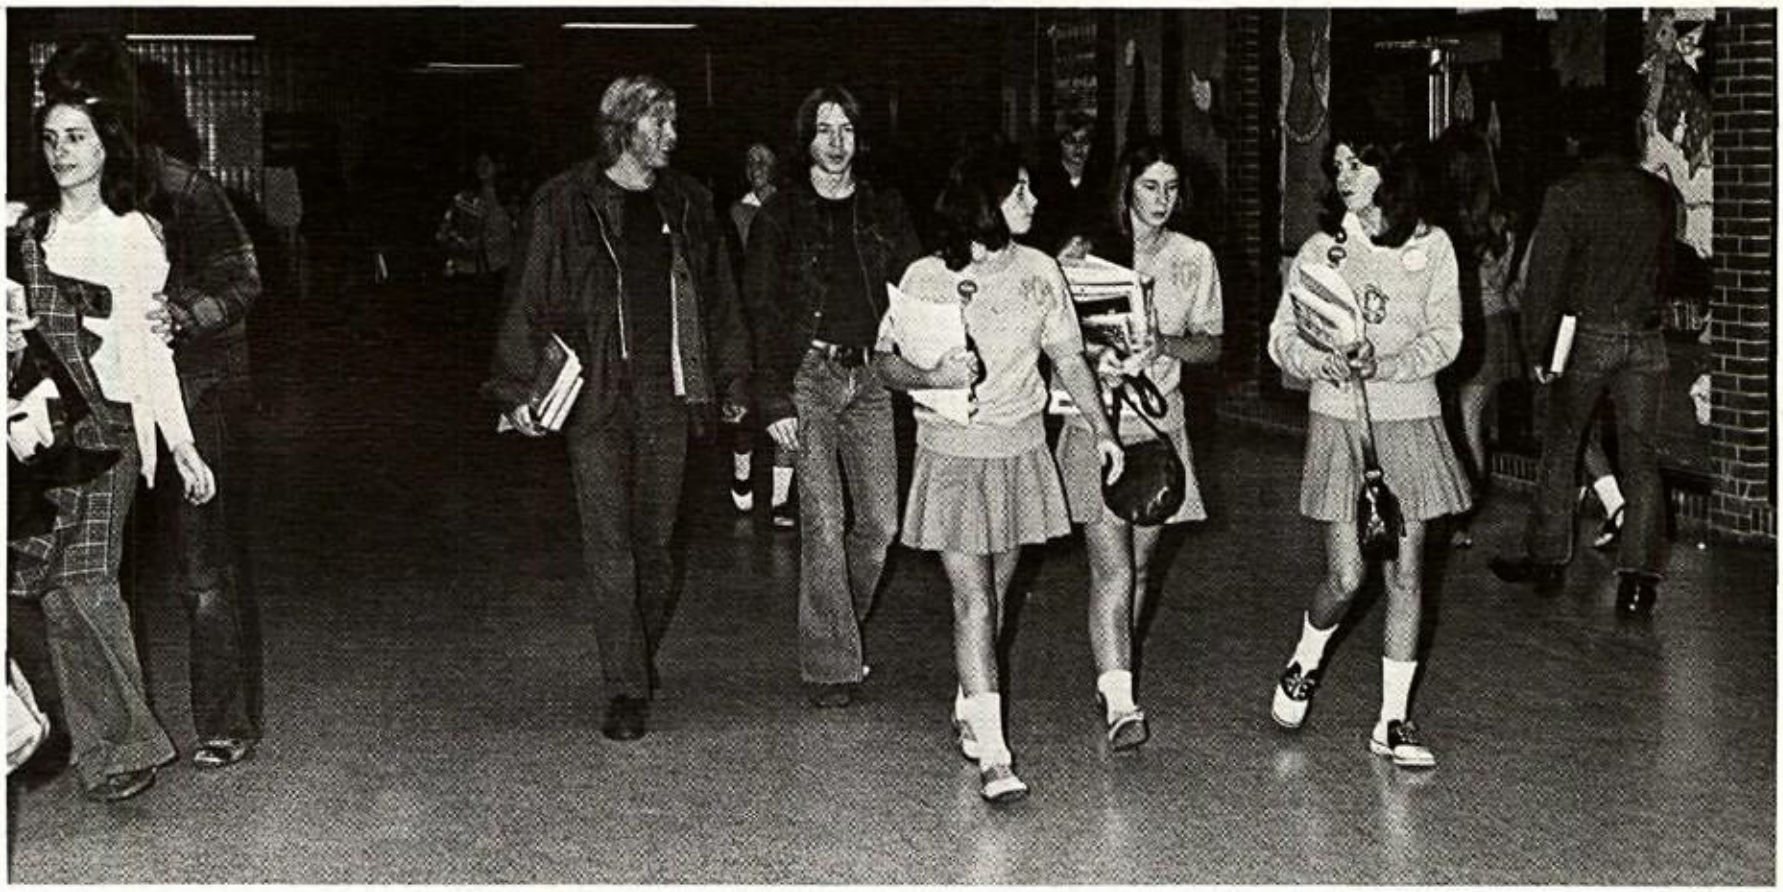


(LEFT) Sam Davis, Sons of Liberty member, shows his feelings of spirit as he throws a cheerleader's shaker at a pep assembly. (ABOVE) Gene Burris finds school can be a lot of paper work.



(ABOVE, LEFT) Sophomore James Morgan keeps a sharp eye out for customers at the Student Store. (ABOVE) Jerry Walkabout shows off his top hat. (LEFT) Mike Ridner and Kay Northcutt sing a selection for the students at one of the assemblies.

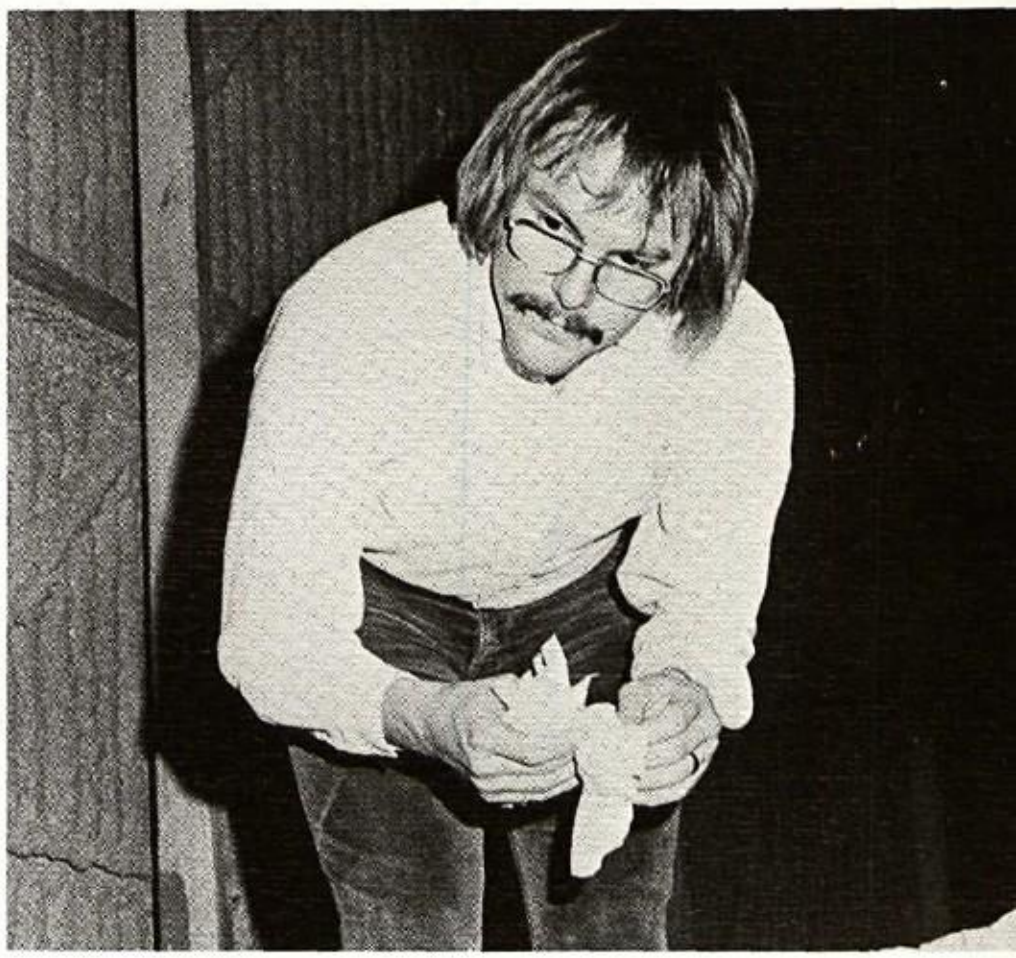
(RIGHT) Jumping; and reaching high, students grab for candy thrown by Santa, Mr. Wild, at the Christmas Pep Assembly. (BELOW) Putnam City West halls host a wide variety of students.

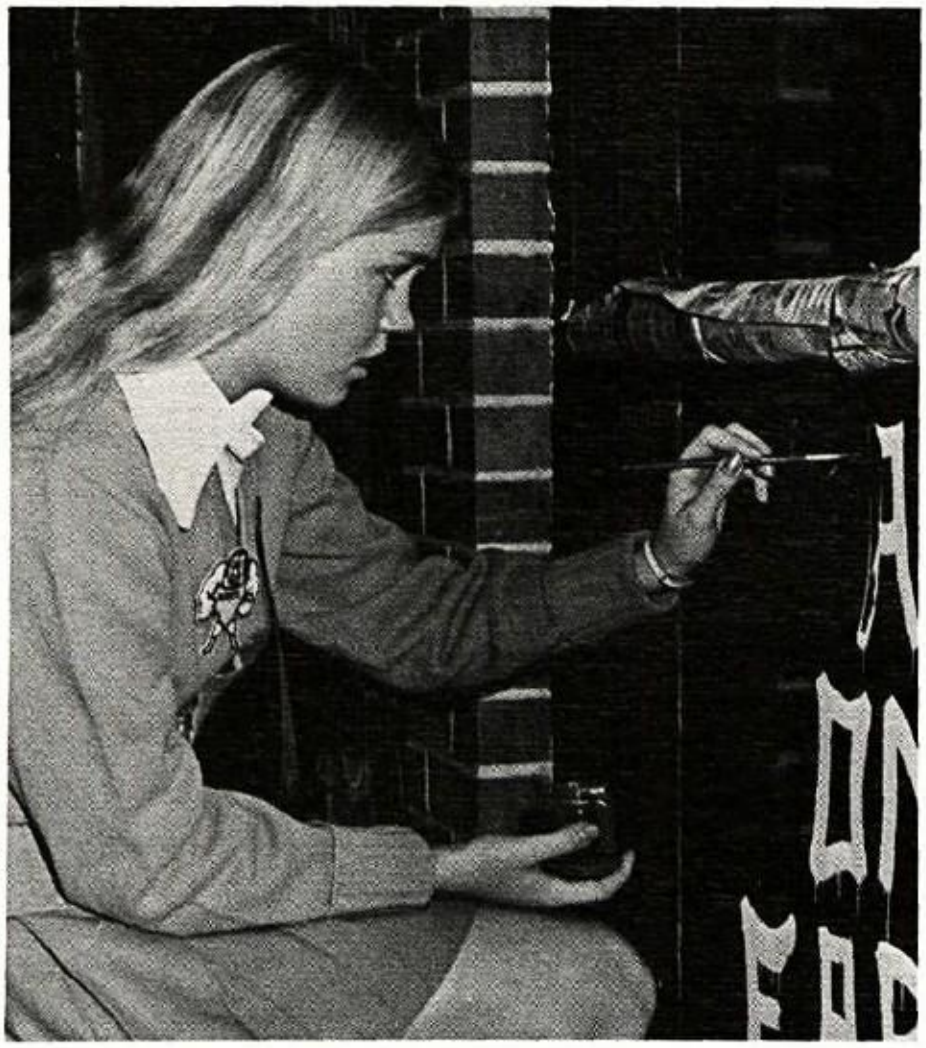


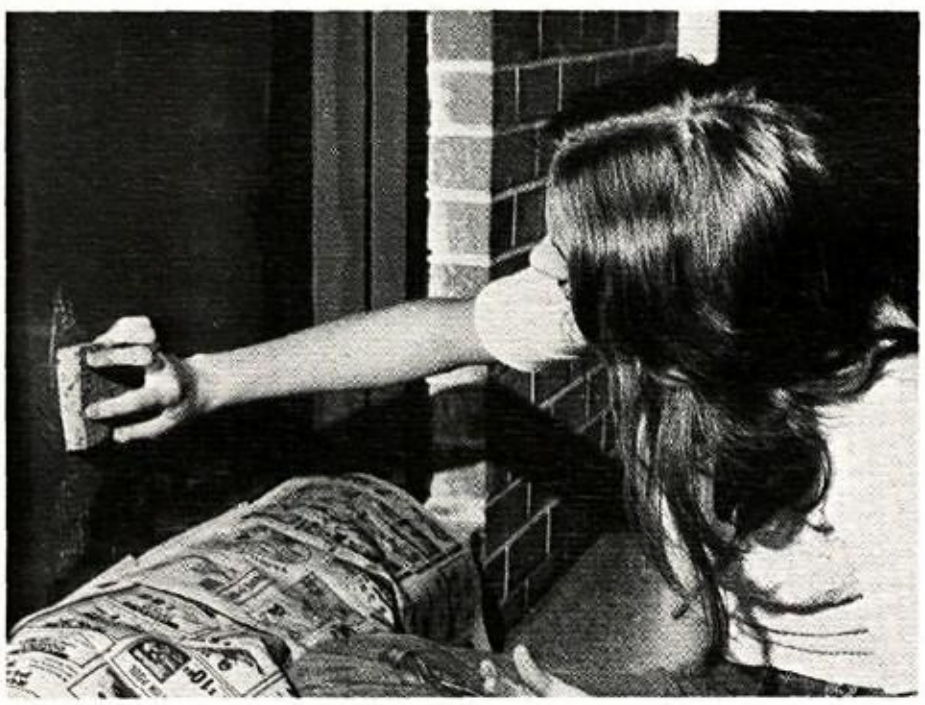
Members of the ROTC Drill Team provide entertainment at the Veterans' Day Assembly.

(ABOVE) House tops provide a good vantage point as neighborhood kids get a bird's eye view of the JV football games. (RIGHT) Student Council President Mike Ridner, dressed Patriot style, proudly displays the PCW Spirit Stick.

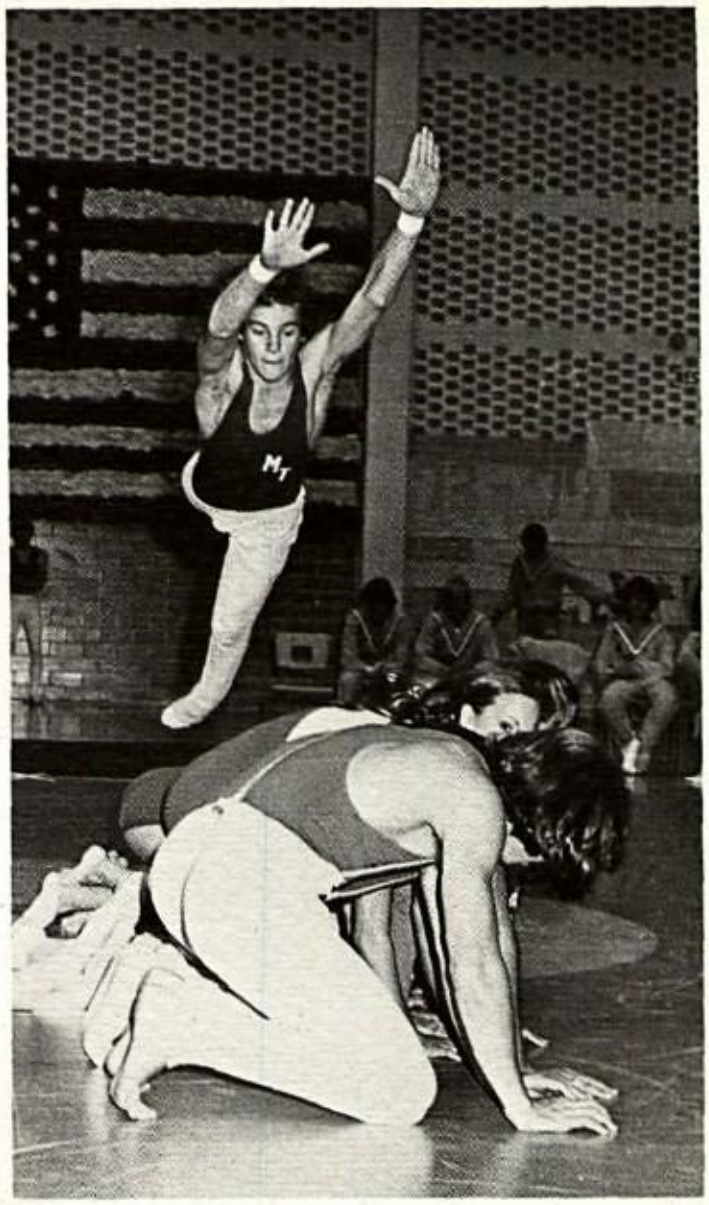
(ABOVE Alumnus Gene Smith shows he still has some Patriot pride at the McGuinness football game. (RIGHT) Biology teacher TC Hardesty helps with the Sophomore float.







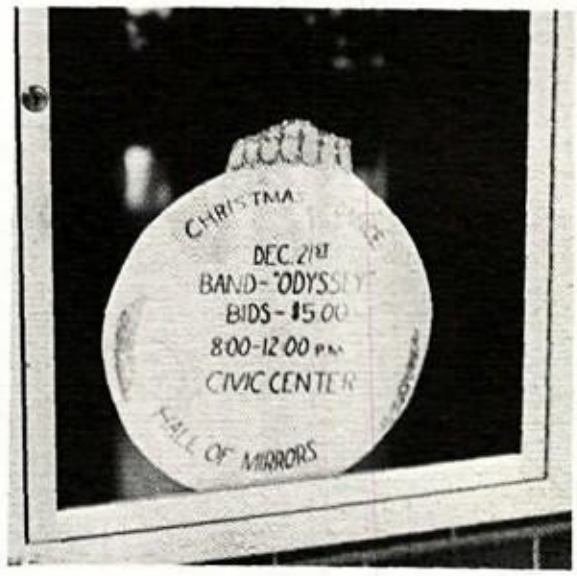
Julie Gilchrist (ABOVE, LEFT) and Susie Sears (BELOW) do their part to provide Christmas spirit as they paint the patio windows.

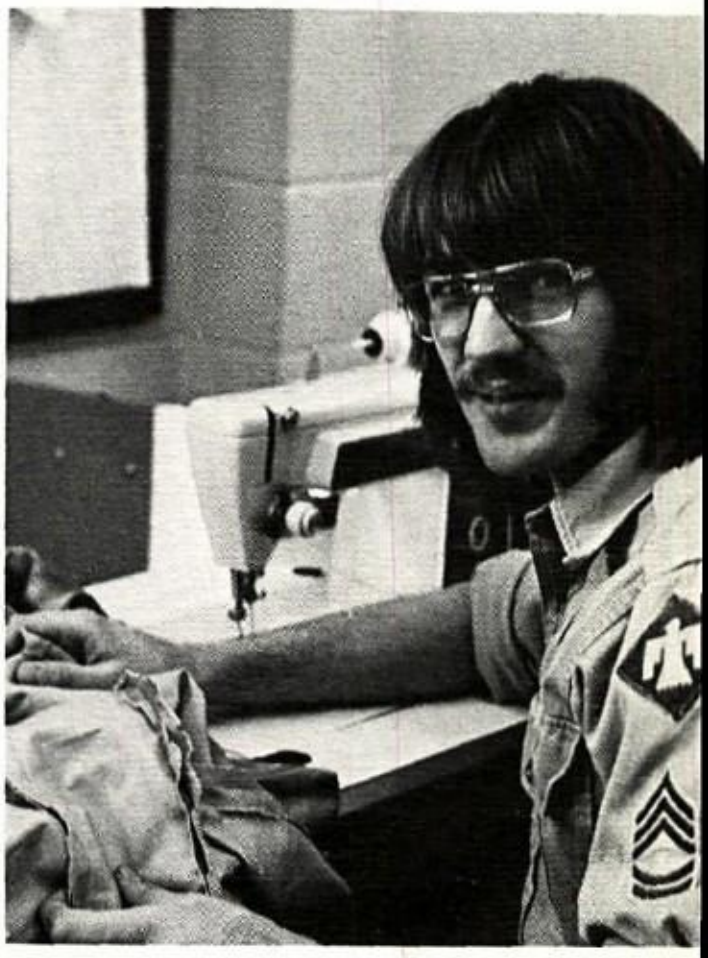


Scott Ford of the Mat Trotters leaps across six other members of the gymnastics team during half-time of the John Marshall wrestling match.

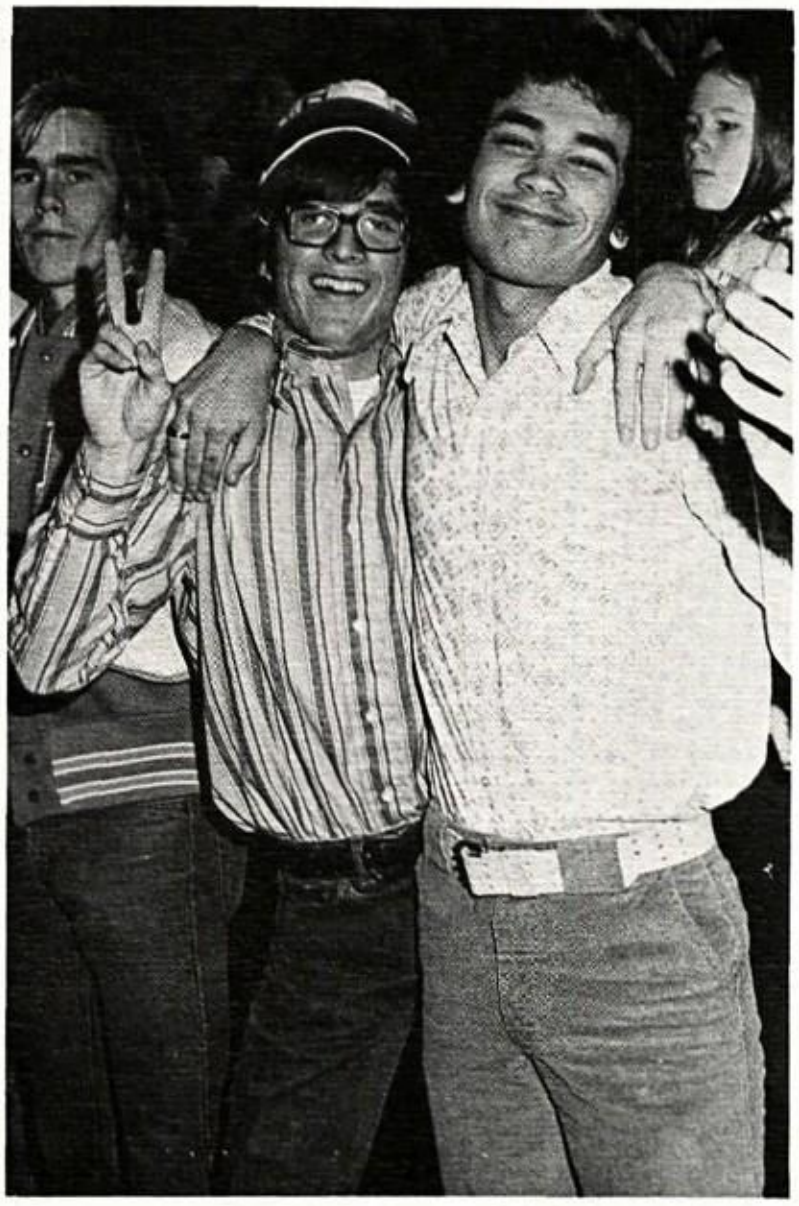
(ABOVE) Ken Carr, the Doc Severinson of Putnam West. (RIGHT) Chili and fixins are being prepared for members of the Spanish Club.

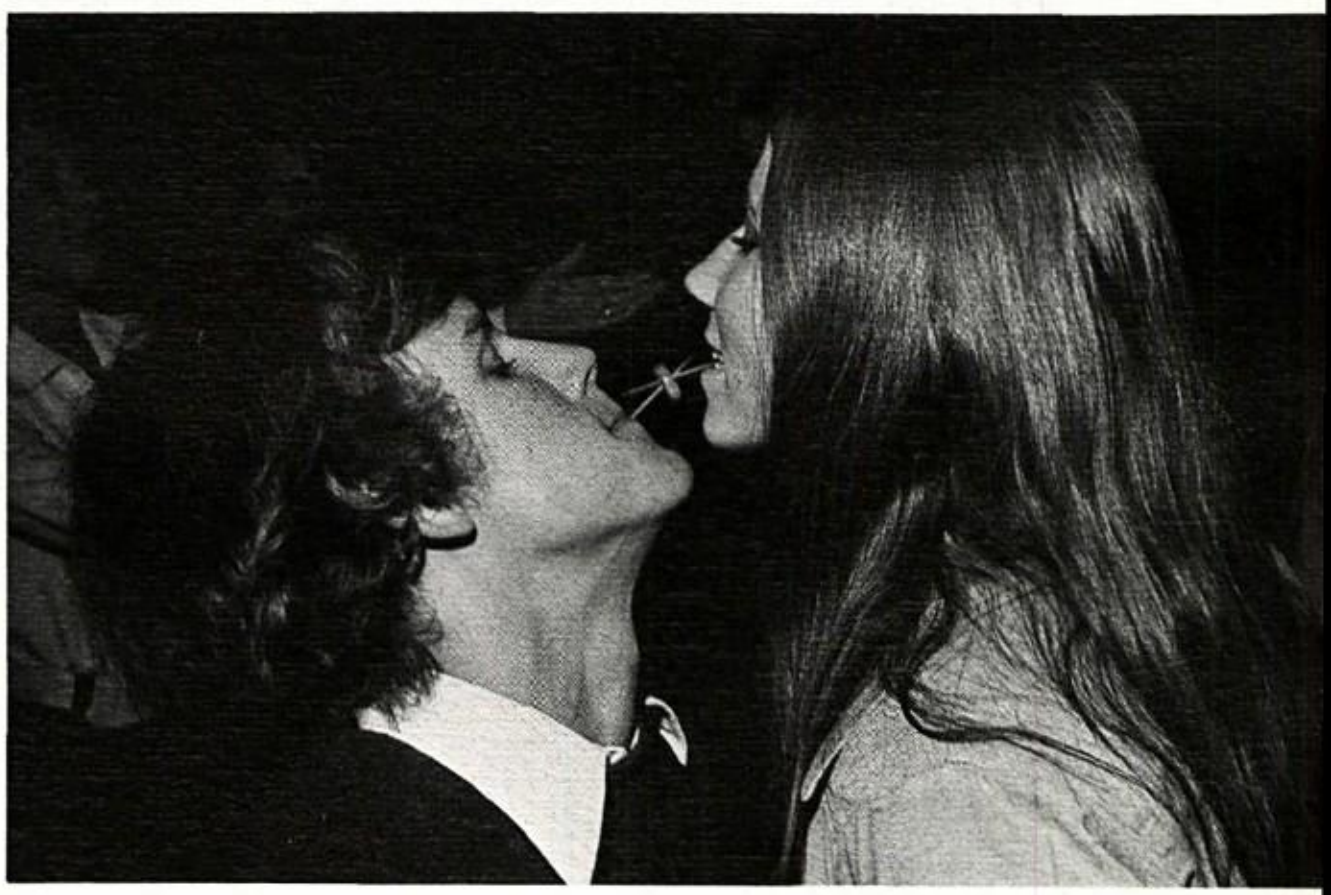
(LEFT) Debbie Padgett helps a student at the magazine room in the library. (BELOW, LEFT) Tracks of waffle stompers are left in the snow as students brave the cold, winter weather. (BELOW) Keith Petillo, senior, works on his sewing in Bachelor Economics Class.



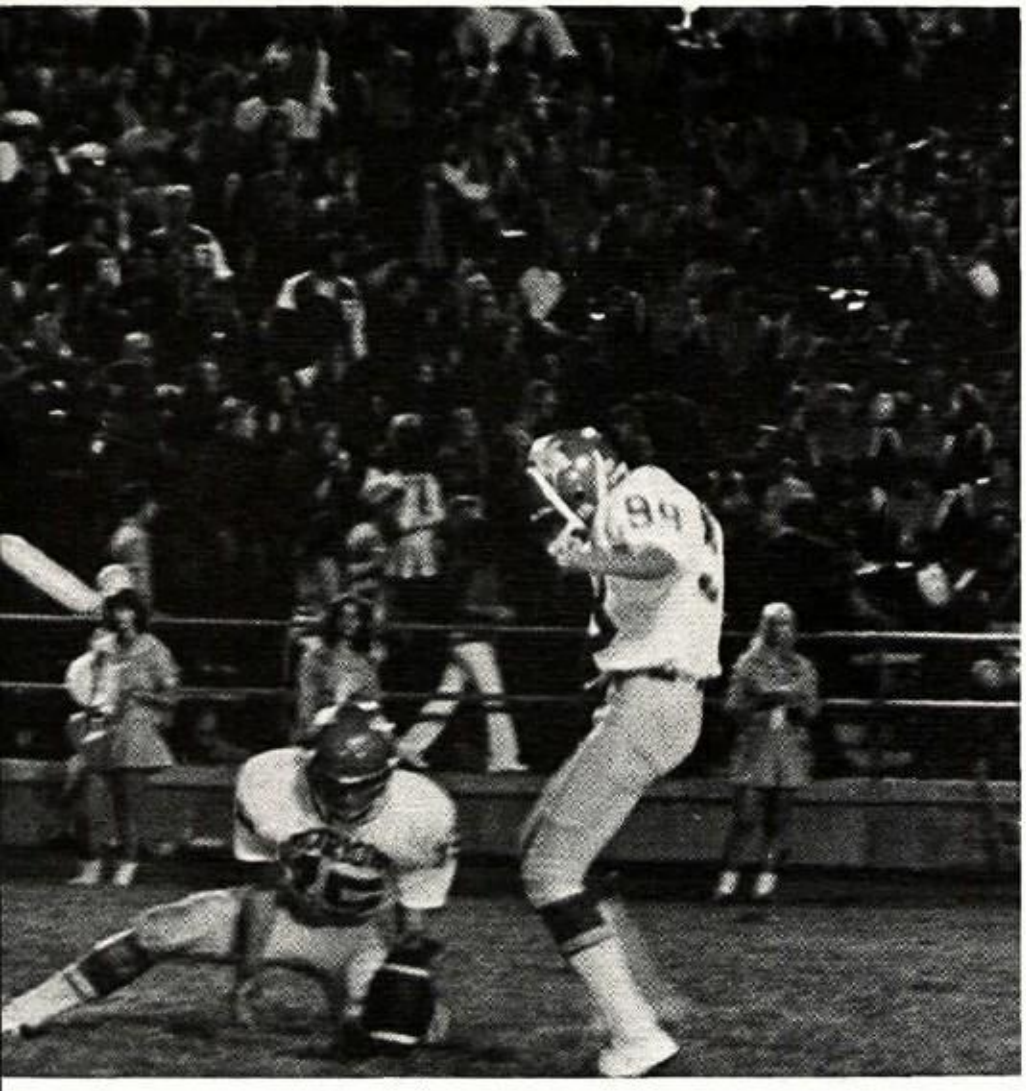


(BELOW) Yearbook photographers Rick Shaw and Clark Synder make final adjustment on Santa's (Steve Jones) costume. (RIGHT) Lisa Fox, flag corps member, provides entertainment at the Lawton football game.



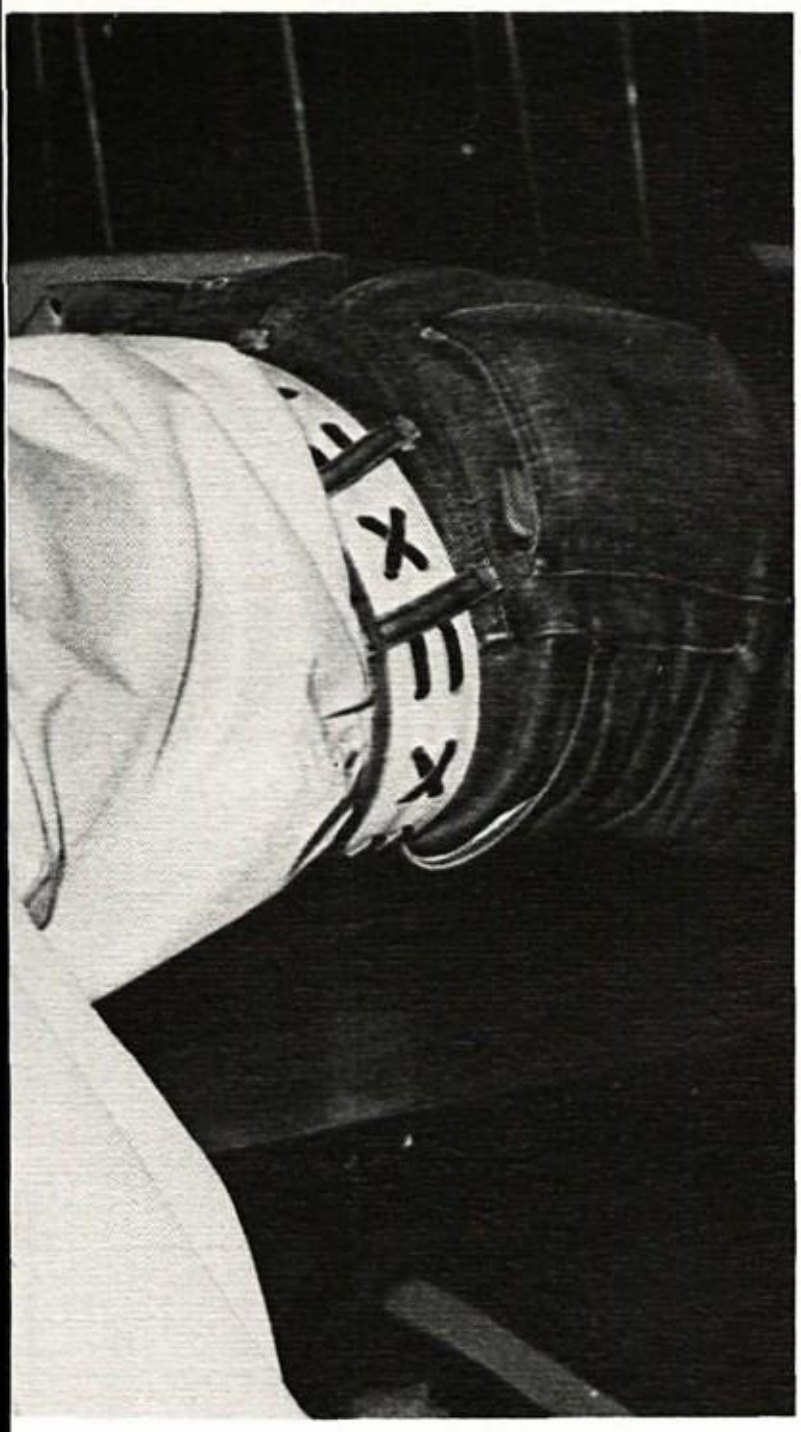


(TOP PICTURE) Jimmie Wagner, Kelley Allen and Danny Lujan all spend their free time at an assembly in different manners. (ABOVE) Passing a lifesaver on toothpicks is not all that easy as Steve Pulley and Vicci Wells find out at the Student Council Christmas Party. Fun and games were all a part of the festivities.

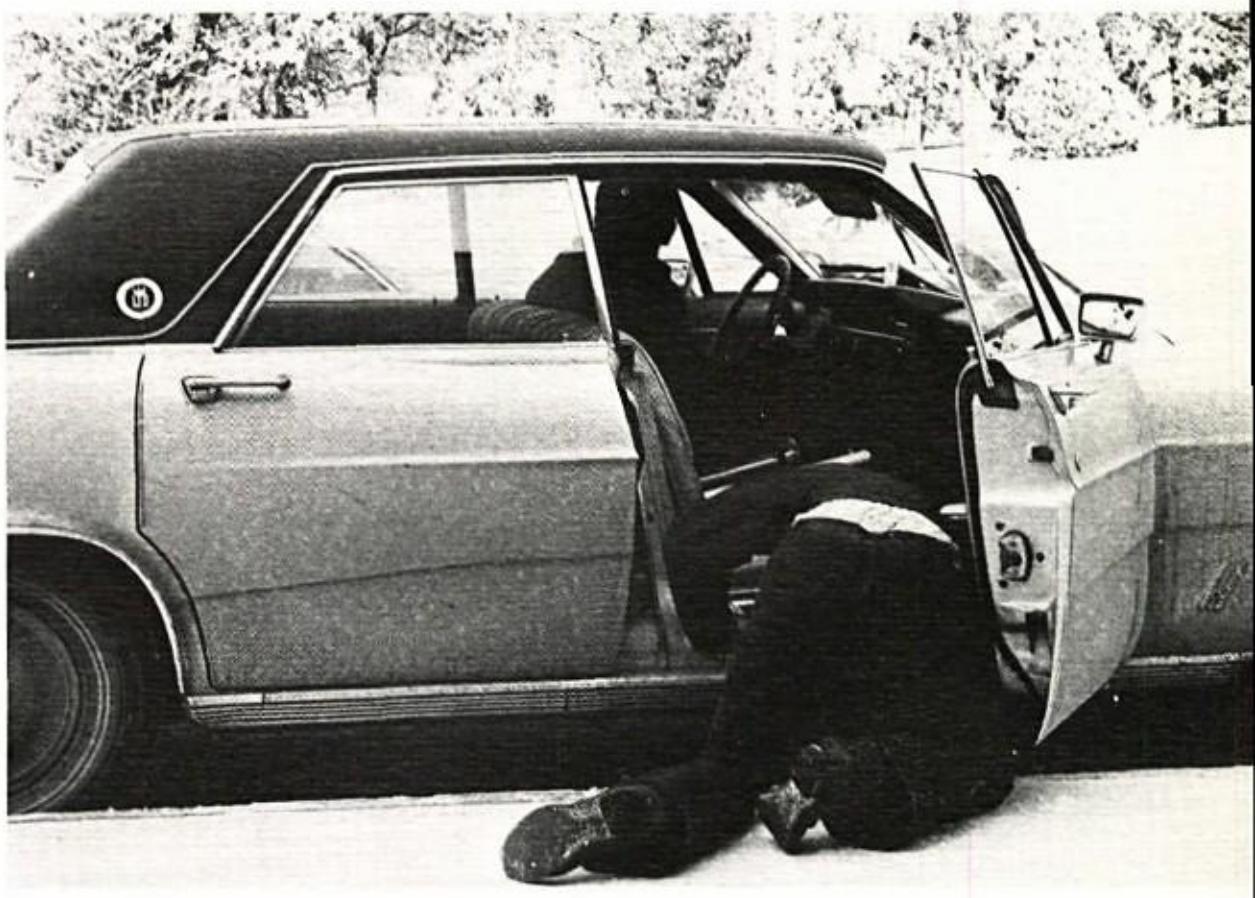


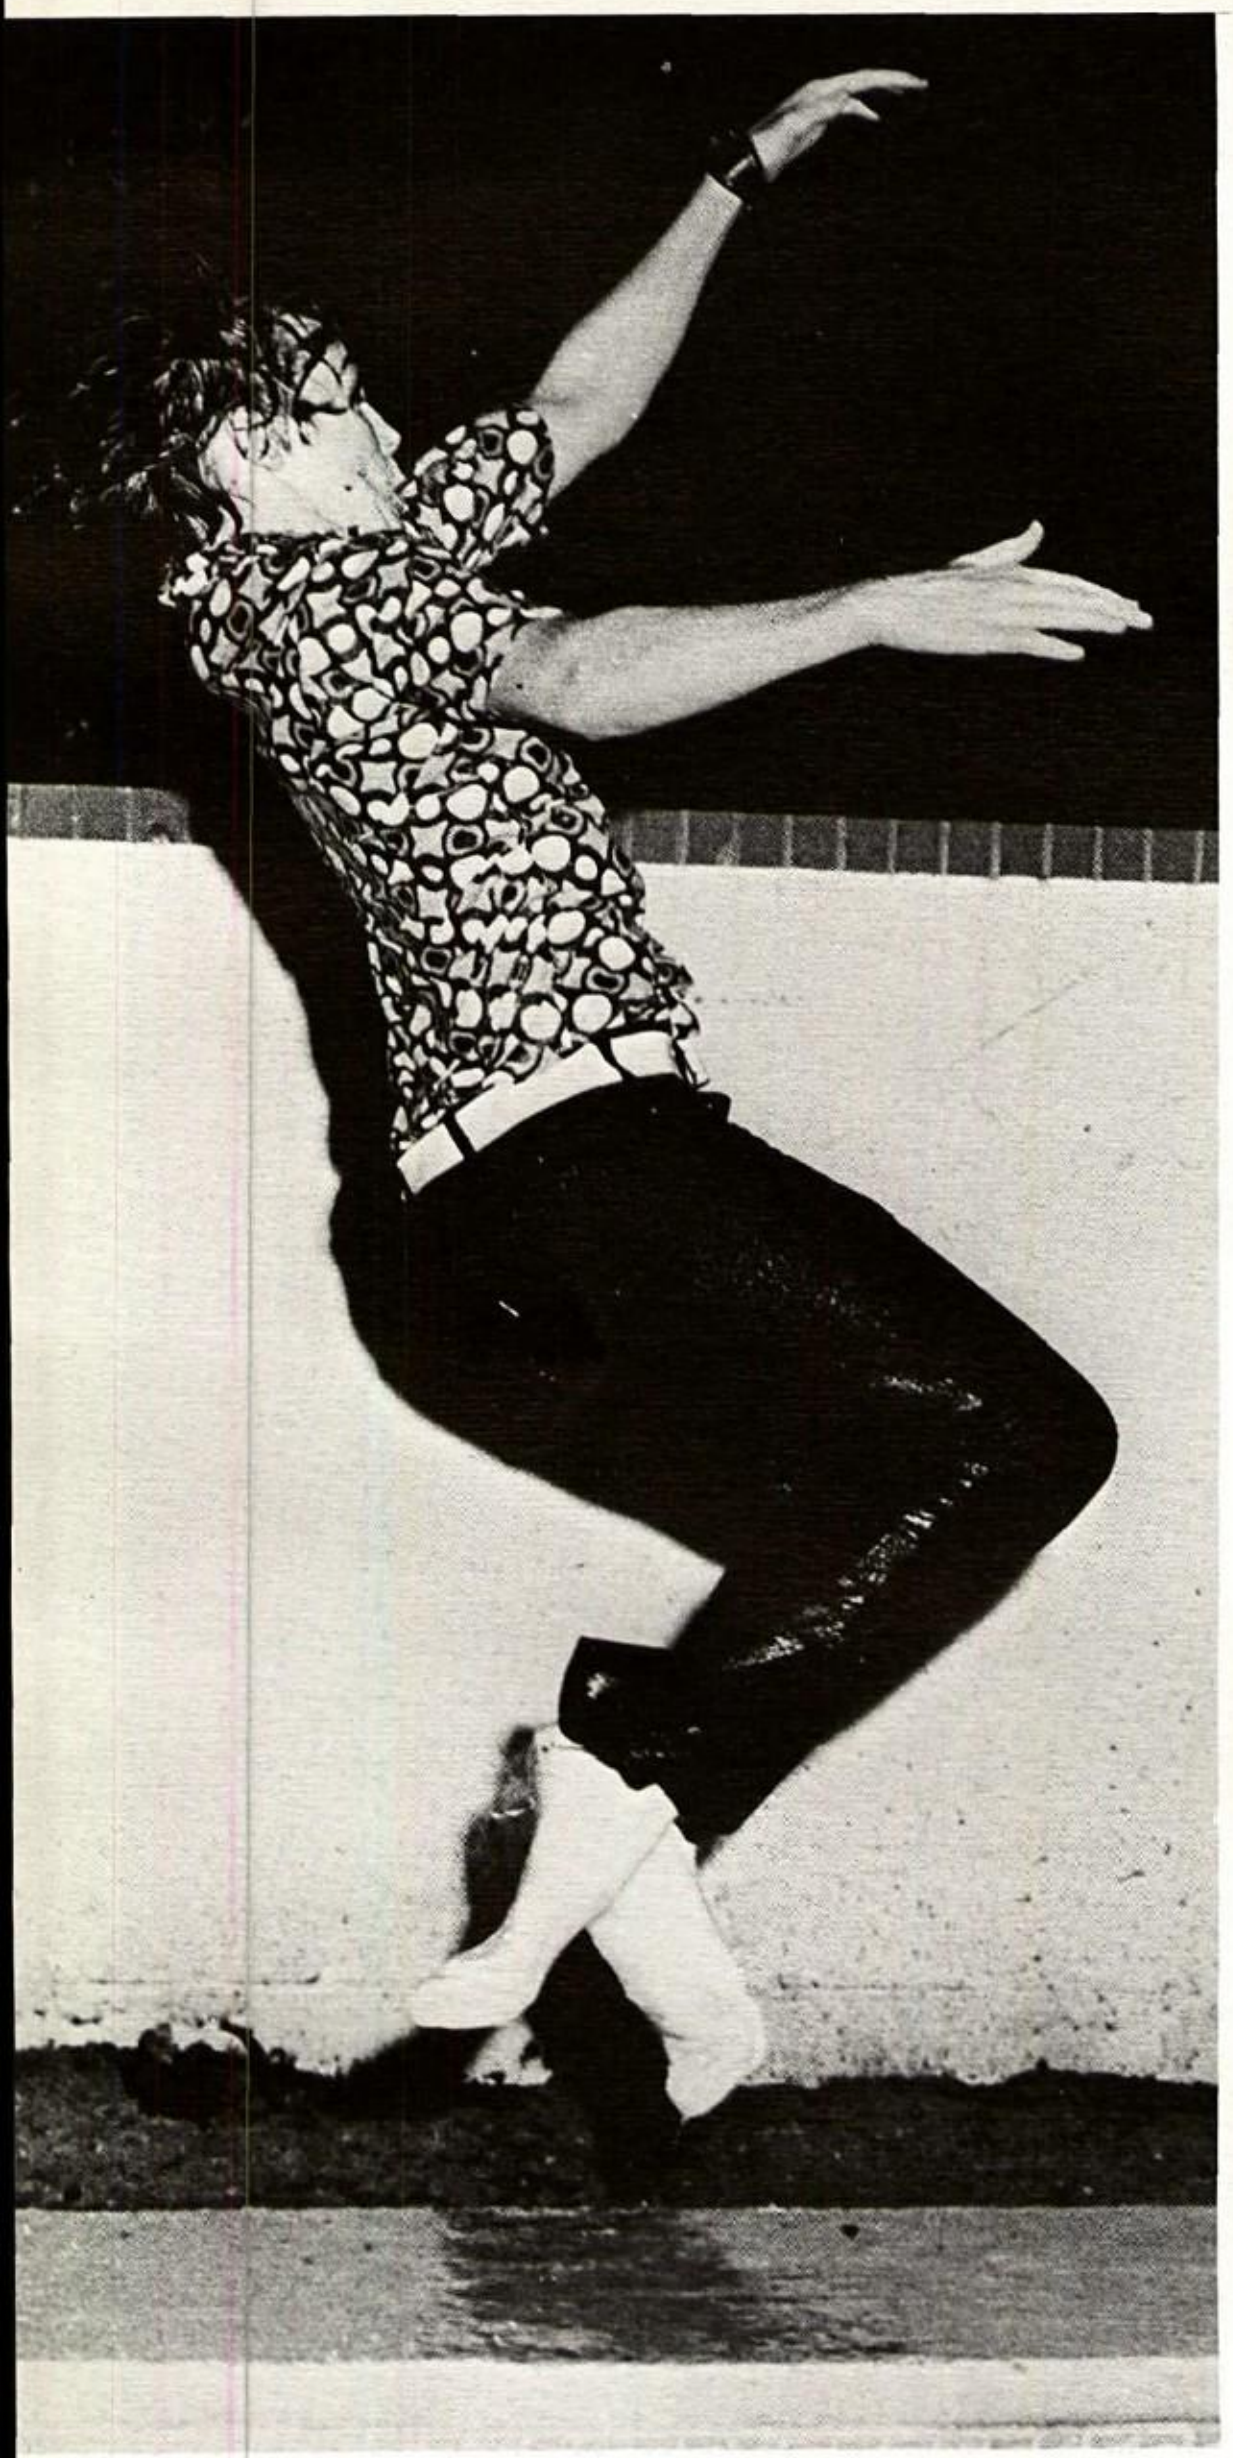
It's hard to stay off the field. Robert Erwin, varsity fullback, plays the game on the sidelines after suffering a foot injury in an earlier game.

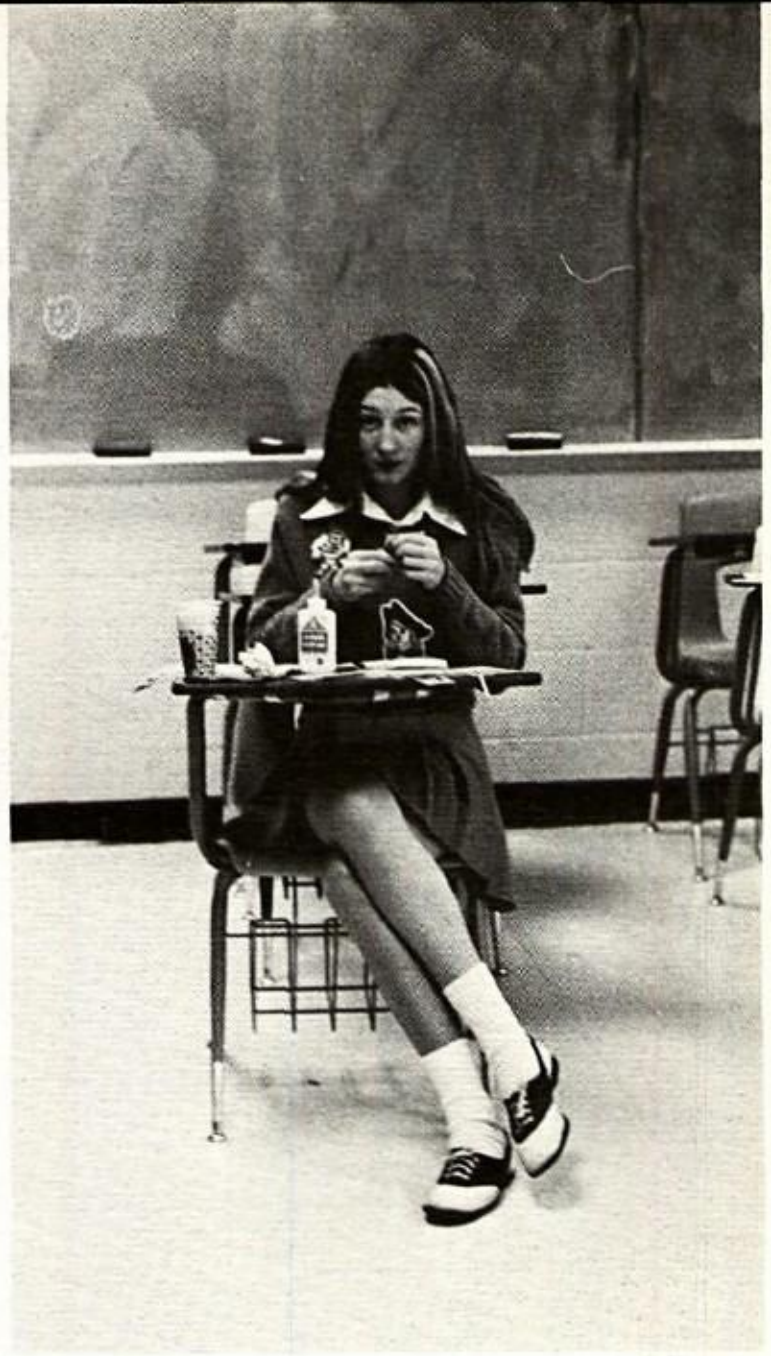
(ABOVE) Senior Wayne Dickinson makes use of a cafeteria table after a hard day. (RIGHT) Laura Andres receives a birthday gift from some of her friends.



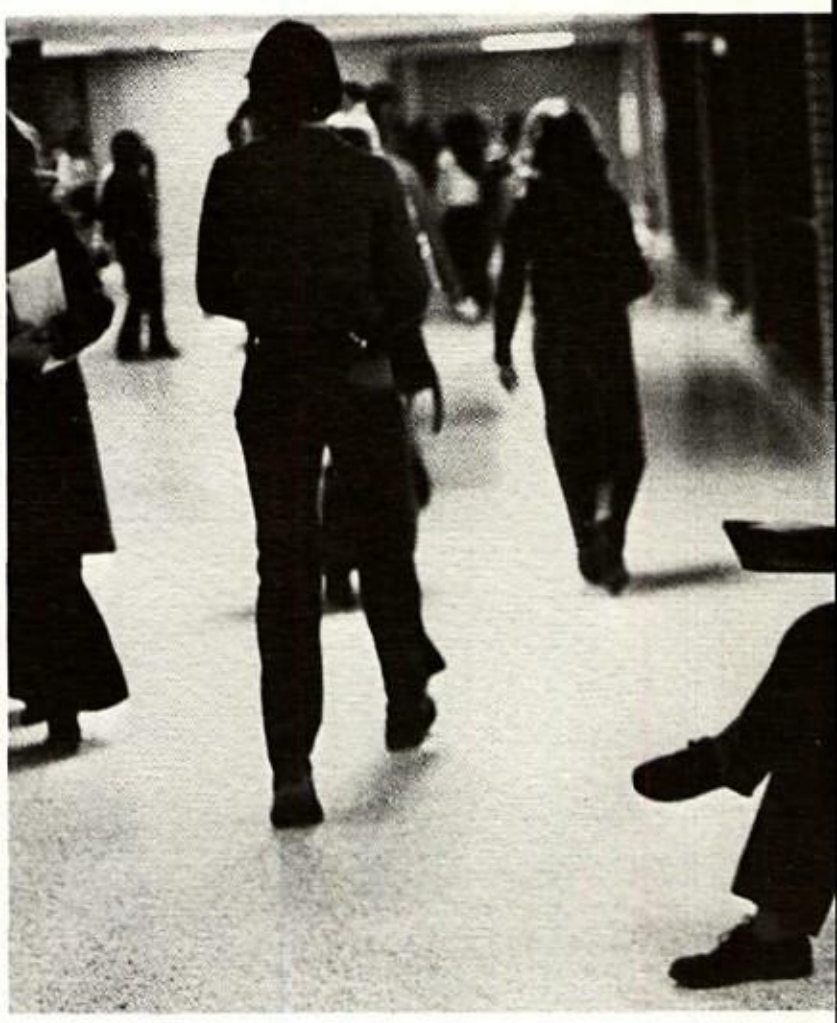
Some days it just doesn't pay to get out of bed. Some students feel exhausted at the end of the day, others can't hack the boring lectures and others have trouble just making it to the car.

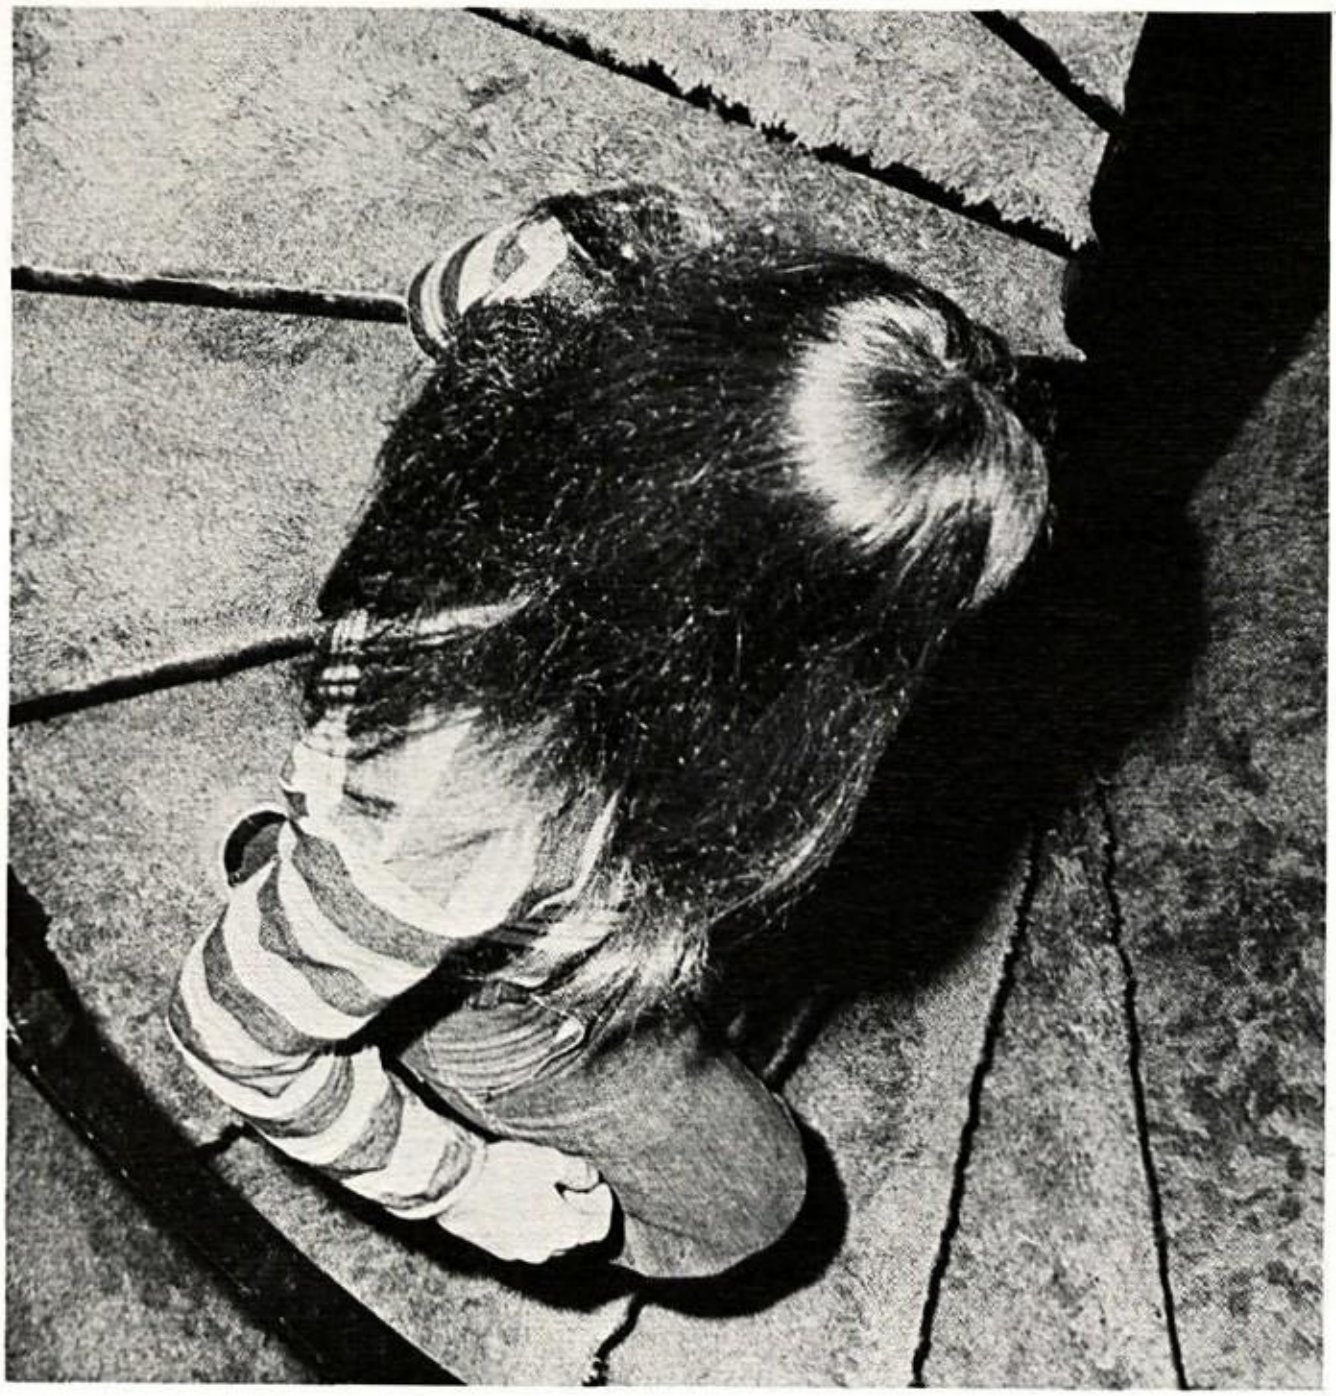


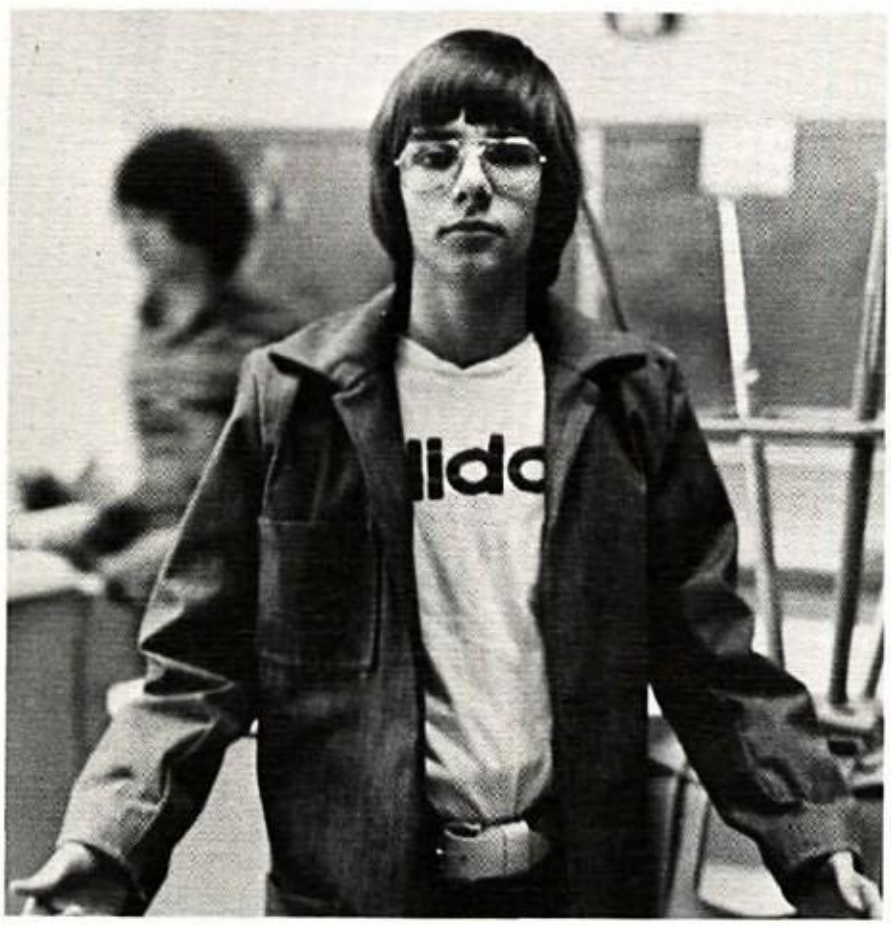




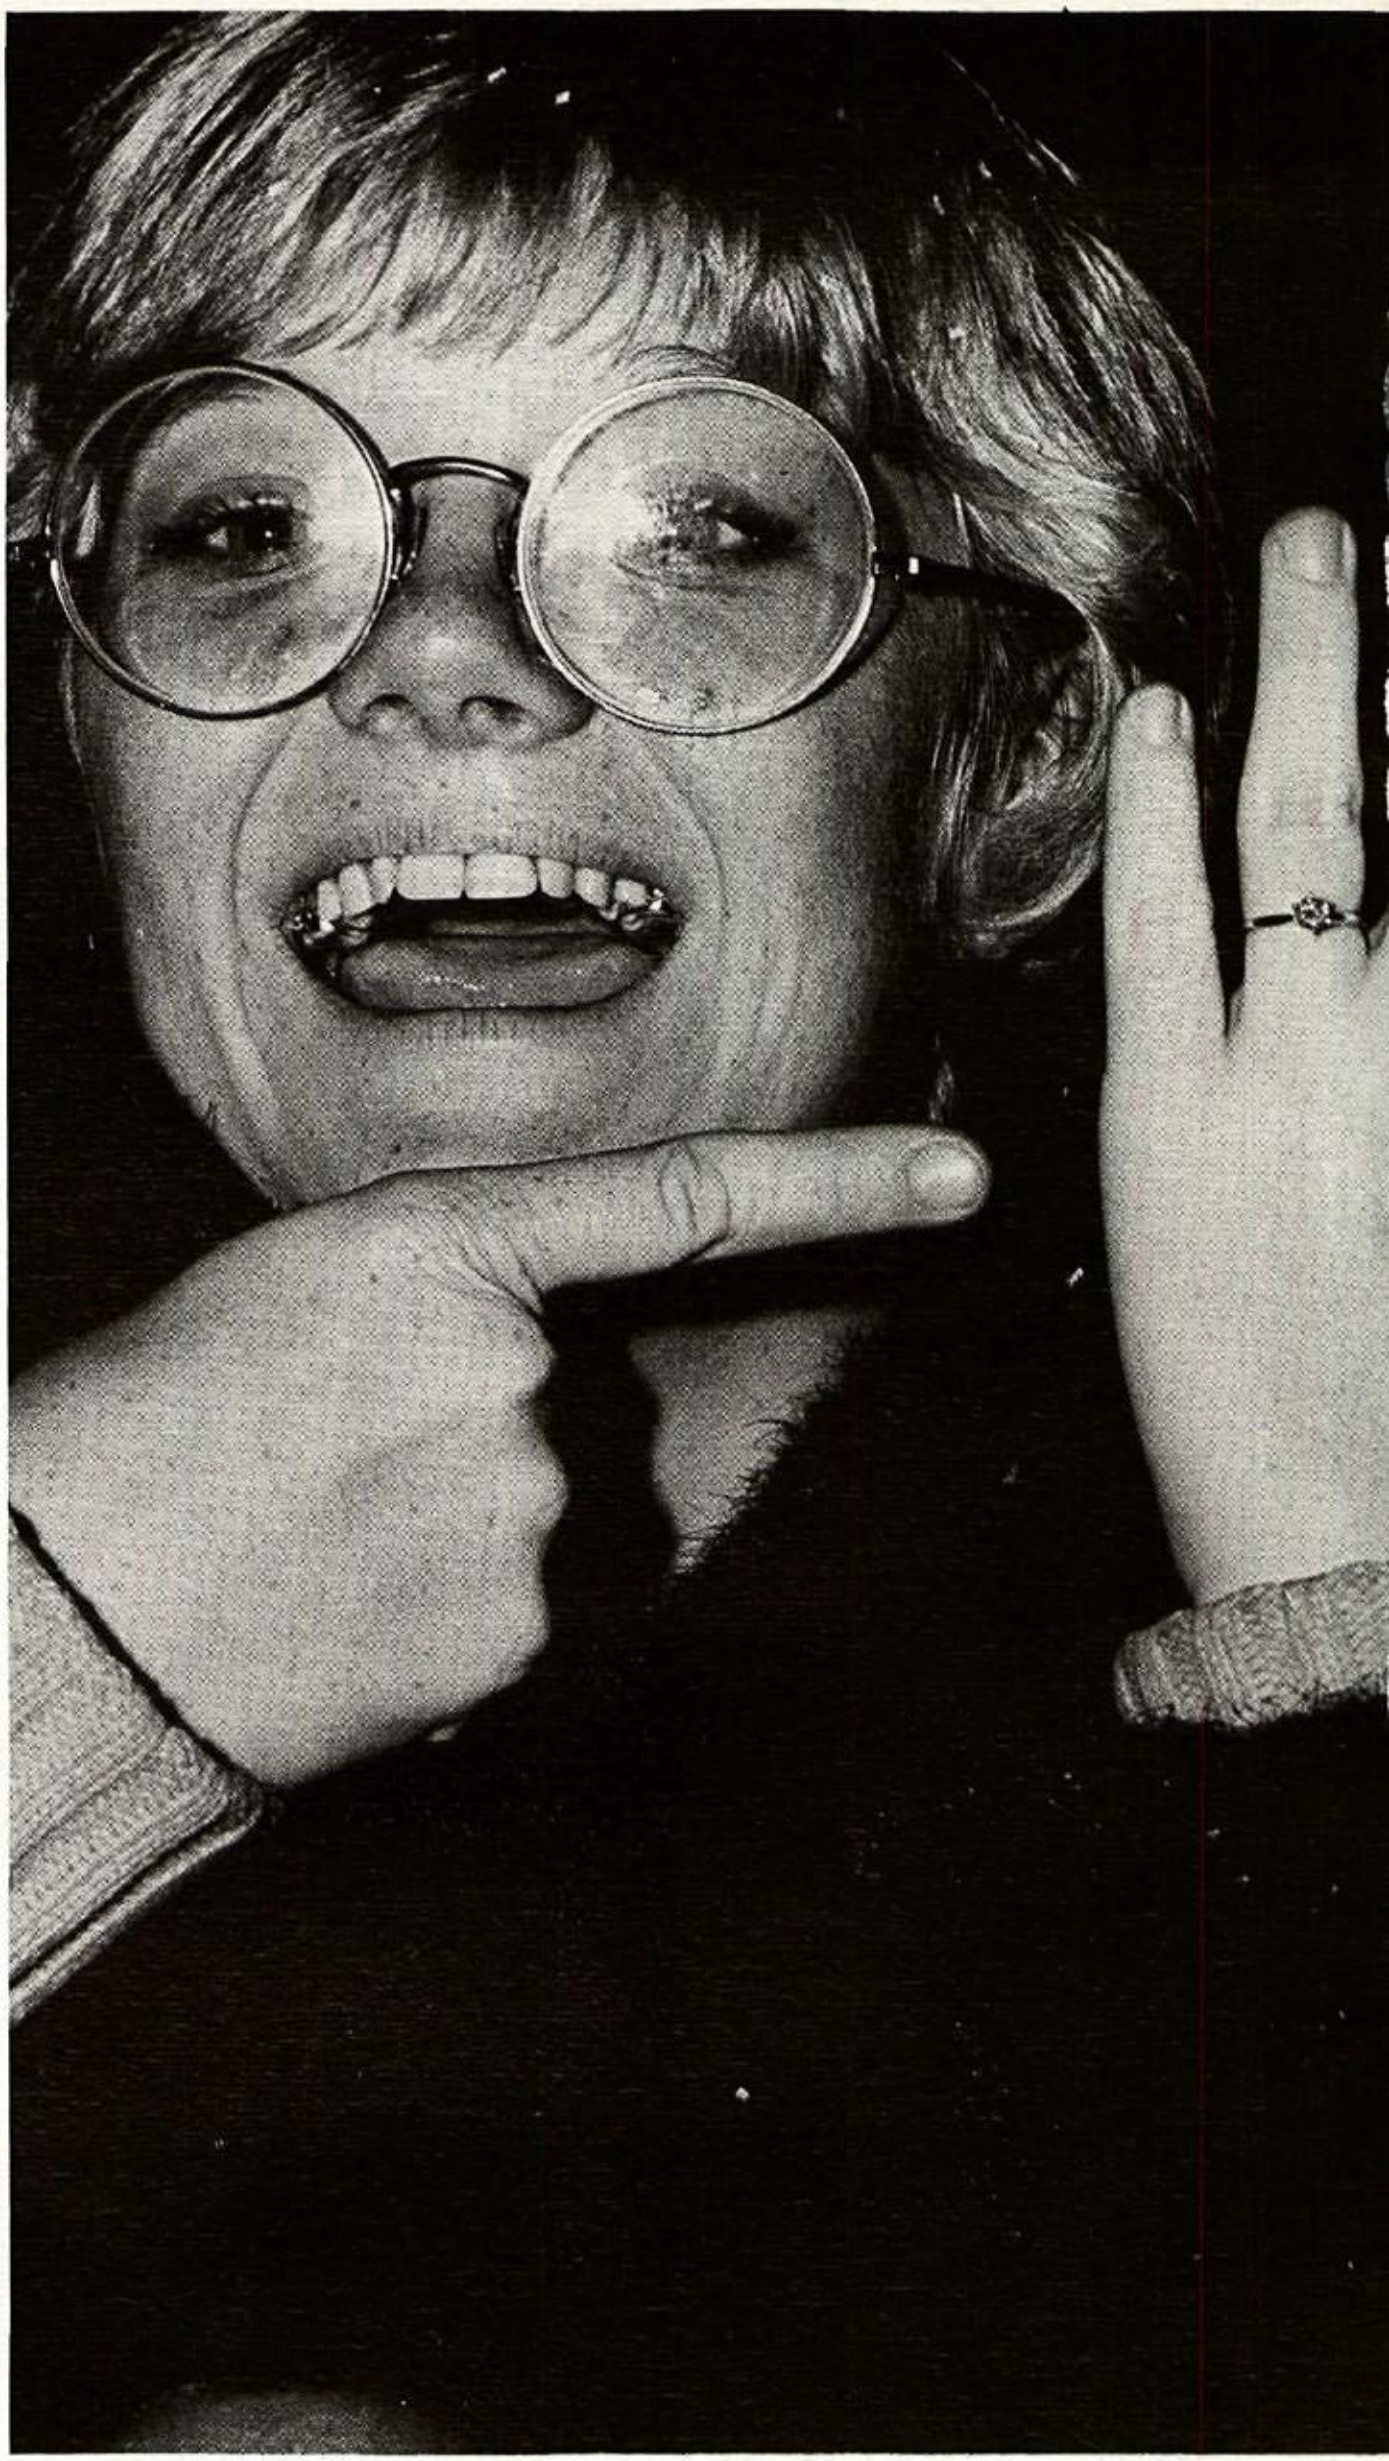
(LEFT) Kevin McAfee braces himself for another dip into the pool at the "Bye Bye *Birdie*" cast party. (ABOVE) Pledge Mary Balenseifen makes favors after school. (BELOW) Connie Hill takes order for Christmas Dance pictures in front of the library.



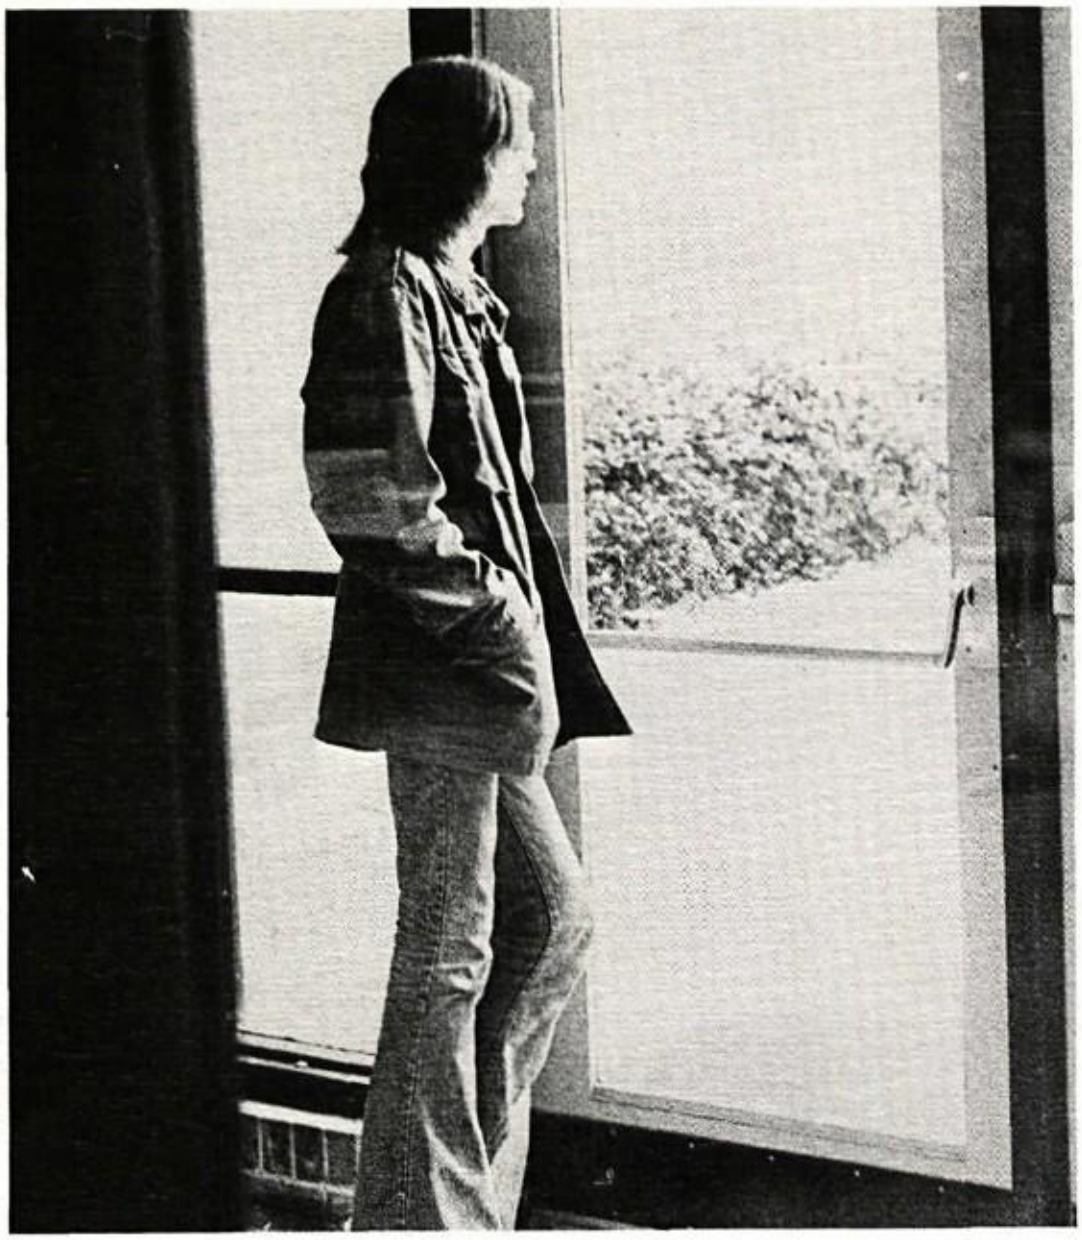




Senior Morris Steincamp models the jacket he made for a project in Bachelor Economics Class.

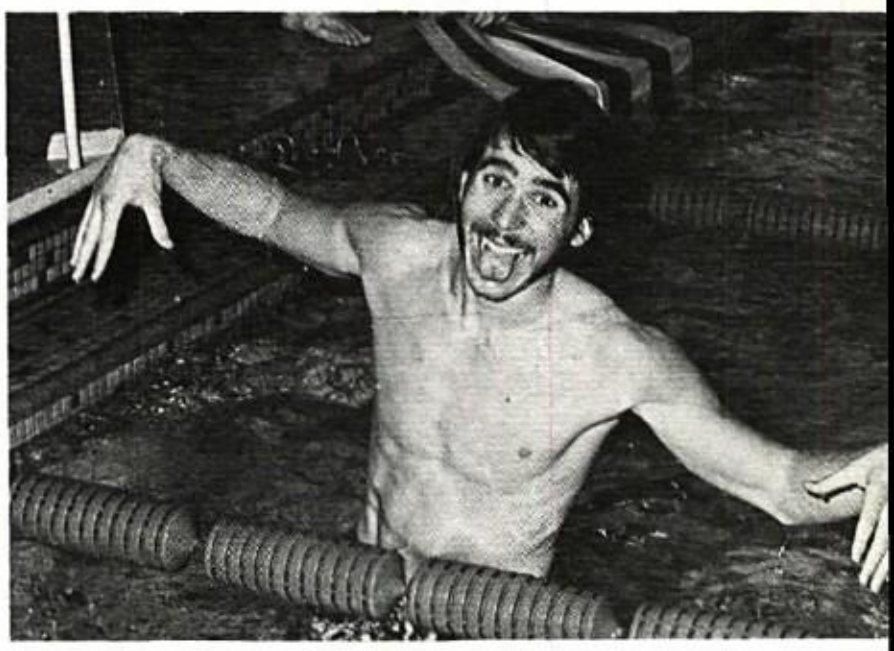


(RIGHT) Senior Jana Hock shows that dreams do come true. (ABOVE) David Oakes takes part in another weird psychology experiment.



(BELOW) Melody Walsh, Amy Lekawski and Sophomore Class President Scott Householder look over some things that were offered for sale at the sophomore garage sale.

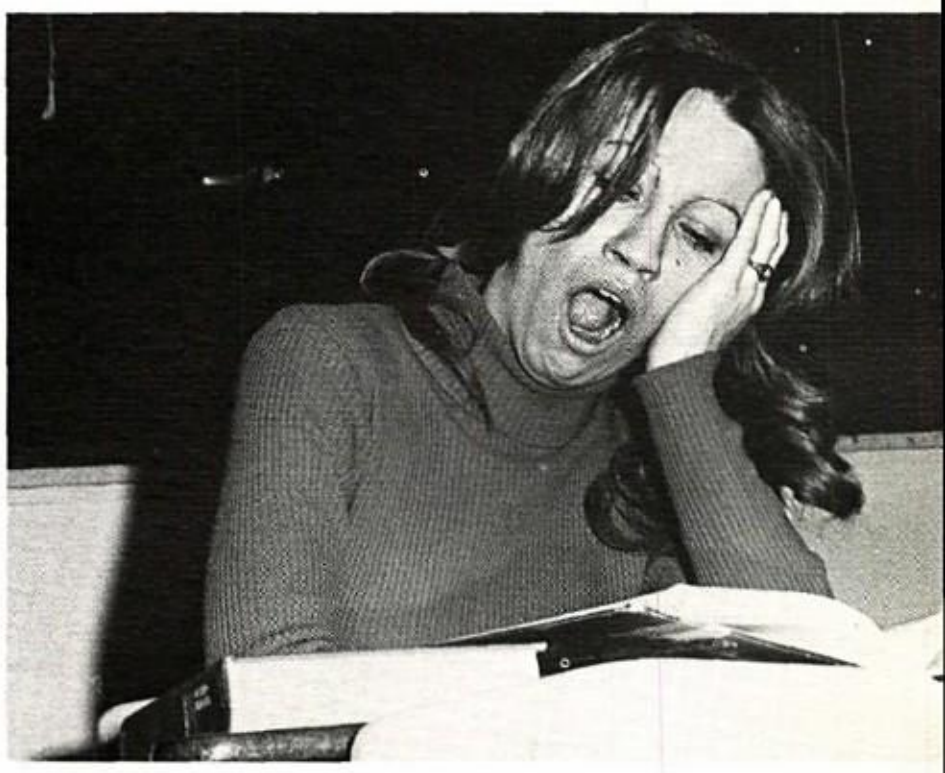
(BELOW) Mike Tichenor shows that swimming can be fun, especially after a close race that turned into victory.



Daylight Saving Time presented quite a few problems to the students during January and early parts of February. (ABOVE) Lights and more lights. Some were there, some were only imagened as this time exposure of the student parking lot illustrates. (RIGHT) Keys for the car were hard to find in the darkness of the early morning.

time change causes problems

up an hour earlier —
in the middle of the winter?
what a drag!
talk about getting out of whack!
daylight savings time played
havoc on the students and teachers
alike as the american people,
by "royal decree" were ordered to
get an earlier start on the day.
coming to school was a problem
as everyone gropped together
in the dark and sometimes foggy
january morning
just to find they were too sleepy
to take notes or teach a class.



Six-thirty came extra early this past winter. The brisk, cold breeze of January didn't even help drive the sleepness away as many found it hard to stay awake those first few hours of the day.

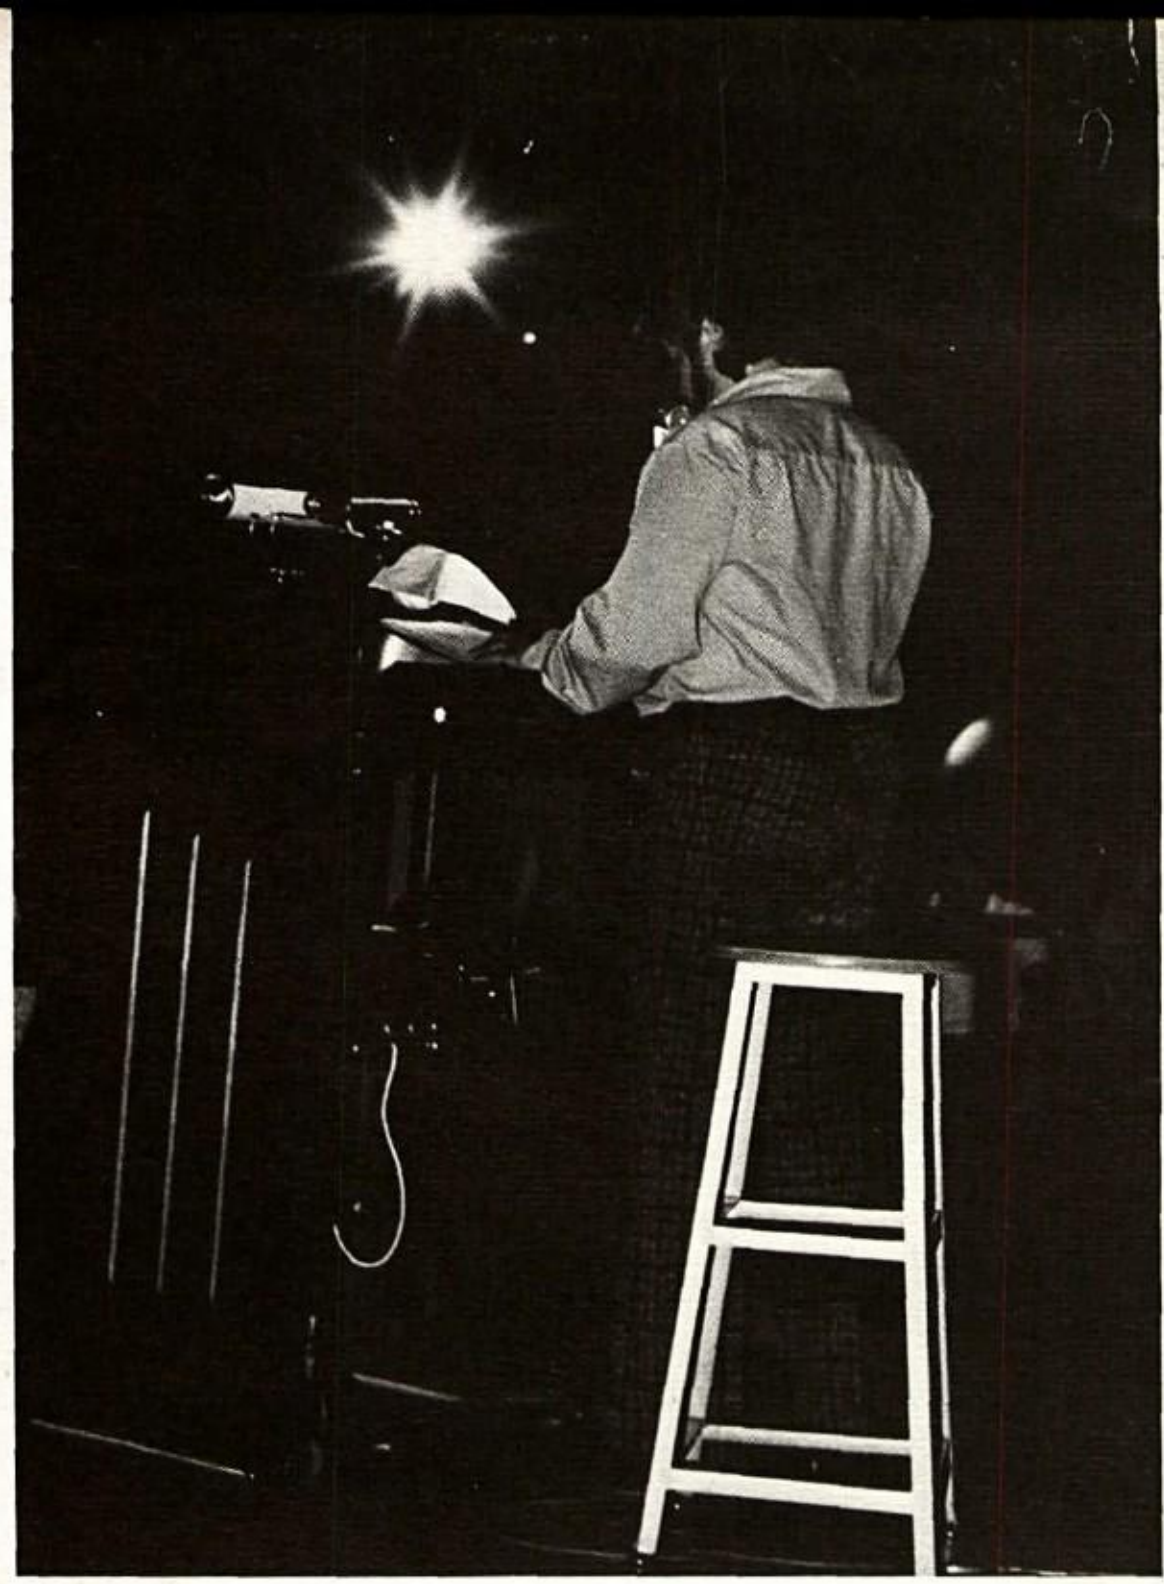
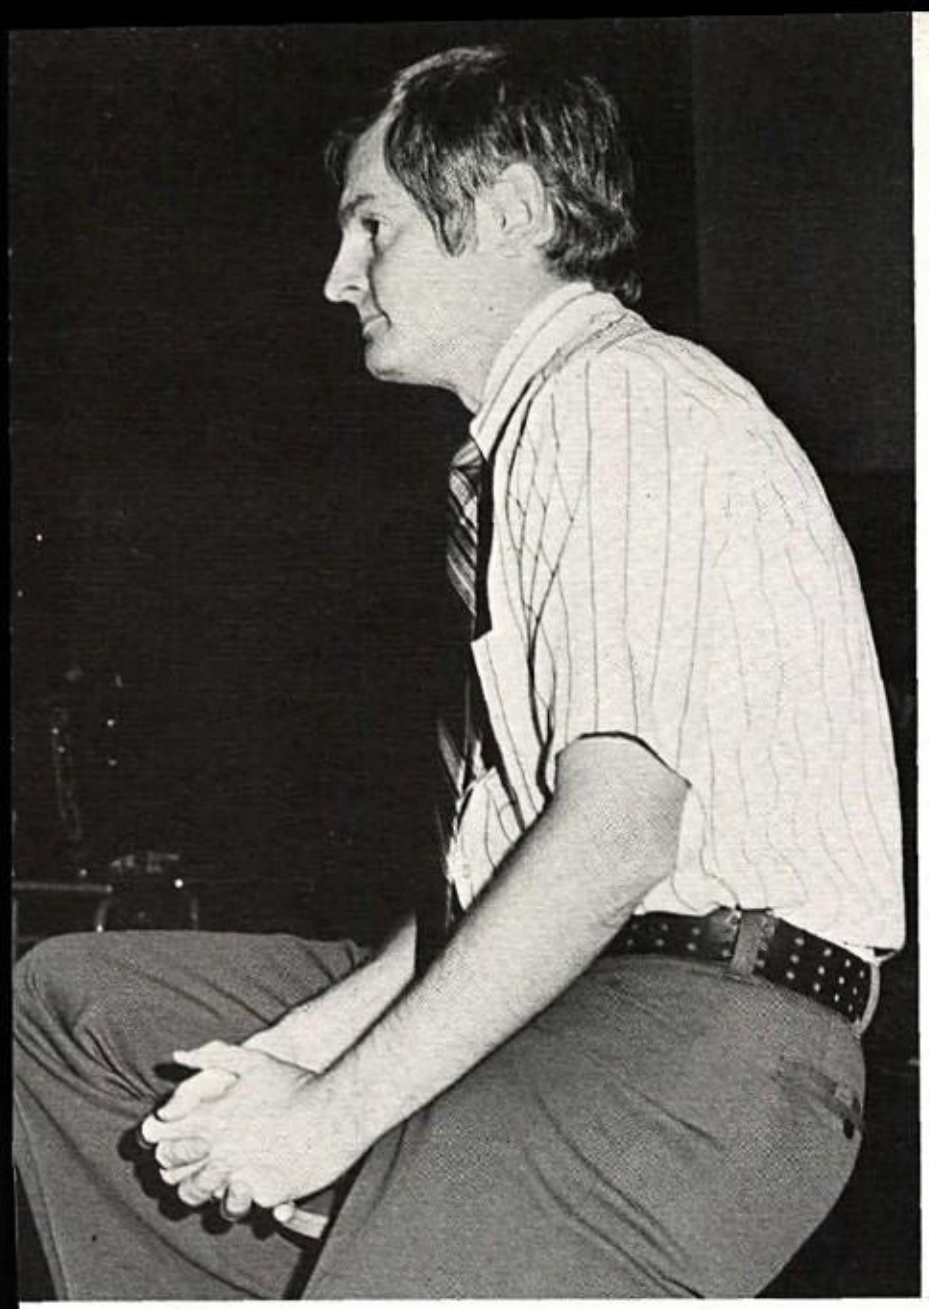
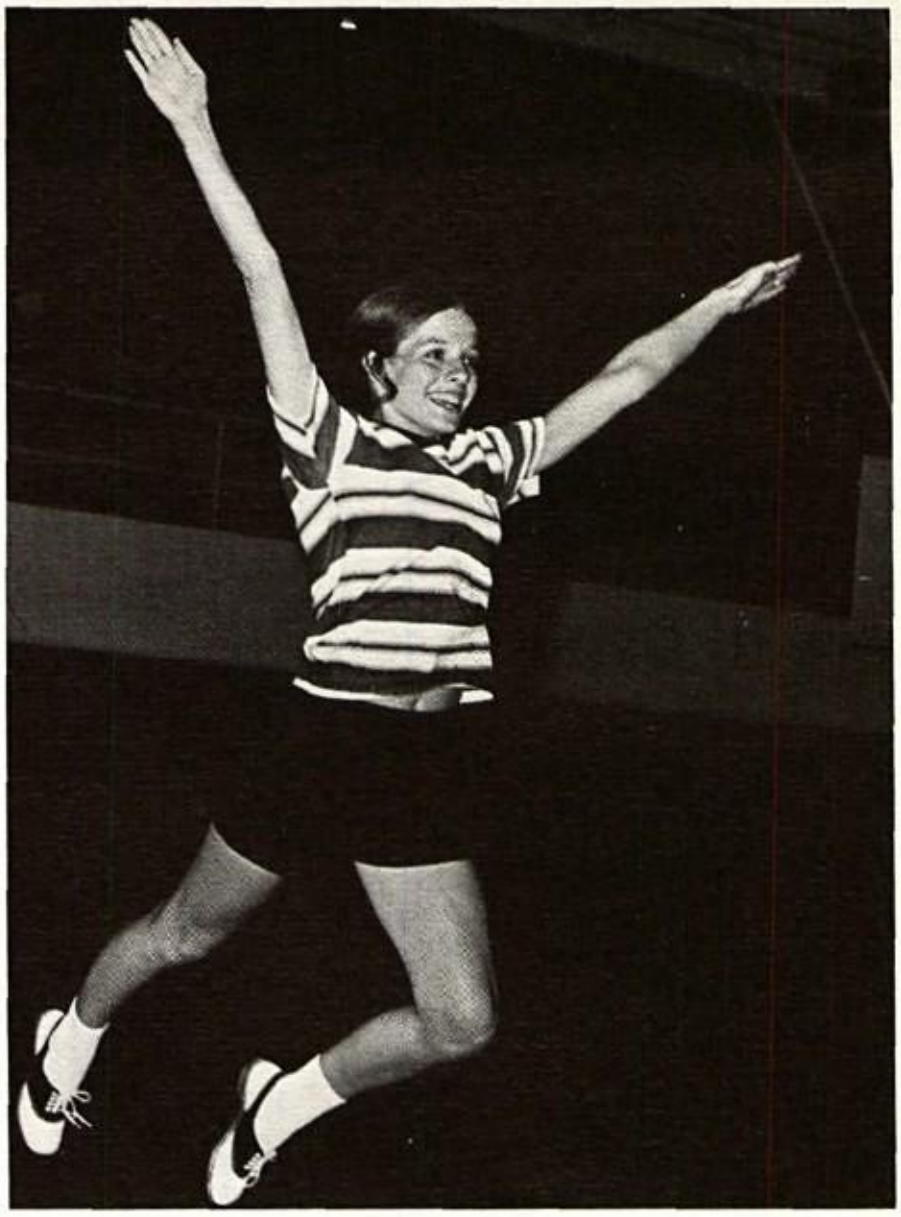
we made it happen

the publications assembly
really rock 'n' rolled as
our d.j. from W-E-S-T
(rick shaw) played all the
hits. in the top 10 was the
anthology, newspaper and
yearbook staff recognition, and
of course the pc west stage band.
we really dug the
assembly; coach close was the
highlight of the day
as we honored him and oj bumpkin.
yes sir, the publications
assembly really 'made it happen'.







Junior Kathy Kysar trys out for cheerleader.

but i do.

sunshine was on our shoulder
as the spring of '74 bloomed
everywhere. west went to
state contests, we had fashion
shows, and plays, our
auditorium was also on its
way and spring sports brought
excitement to west. there
seemed to be a spirit about
west as oj bumpkin was in us
and the seniors left.
with a song in their soul
and a hope in their heart
it was sad.
but during spring of '74
we were loved and that
is what makes life worth living.

really had a great

is one of the most
noticed of all in
the spring.

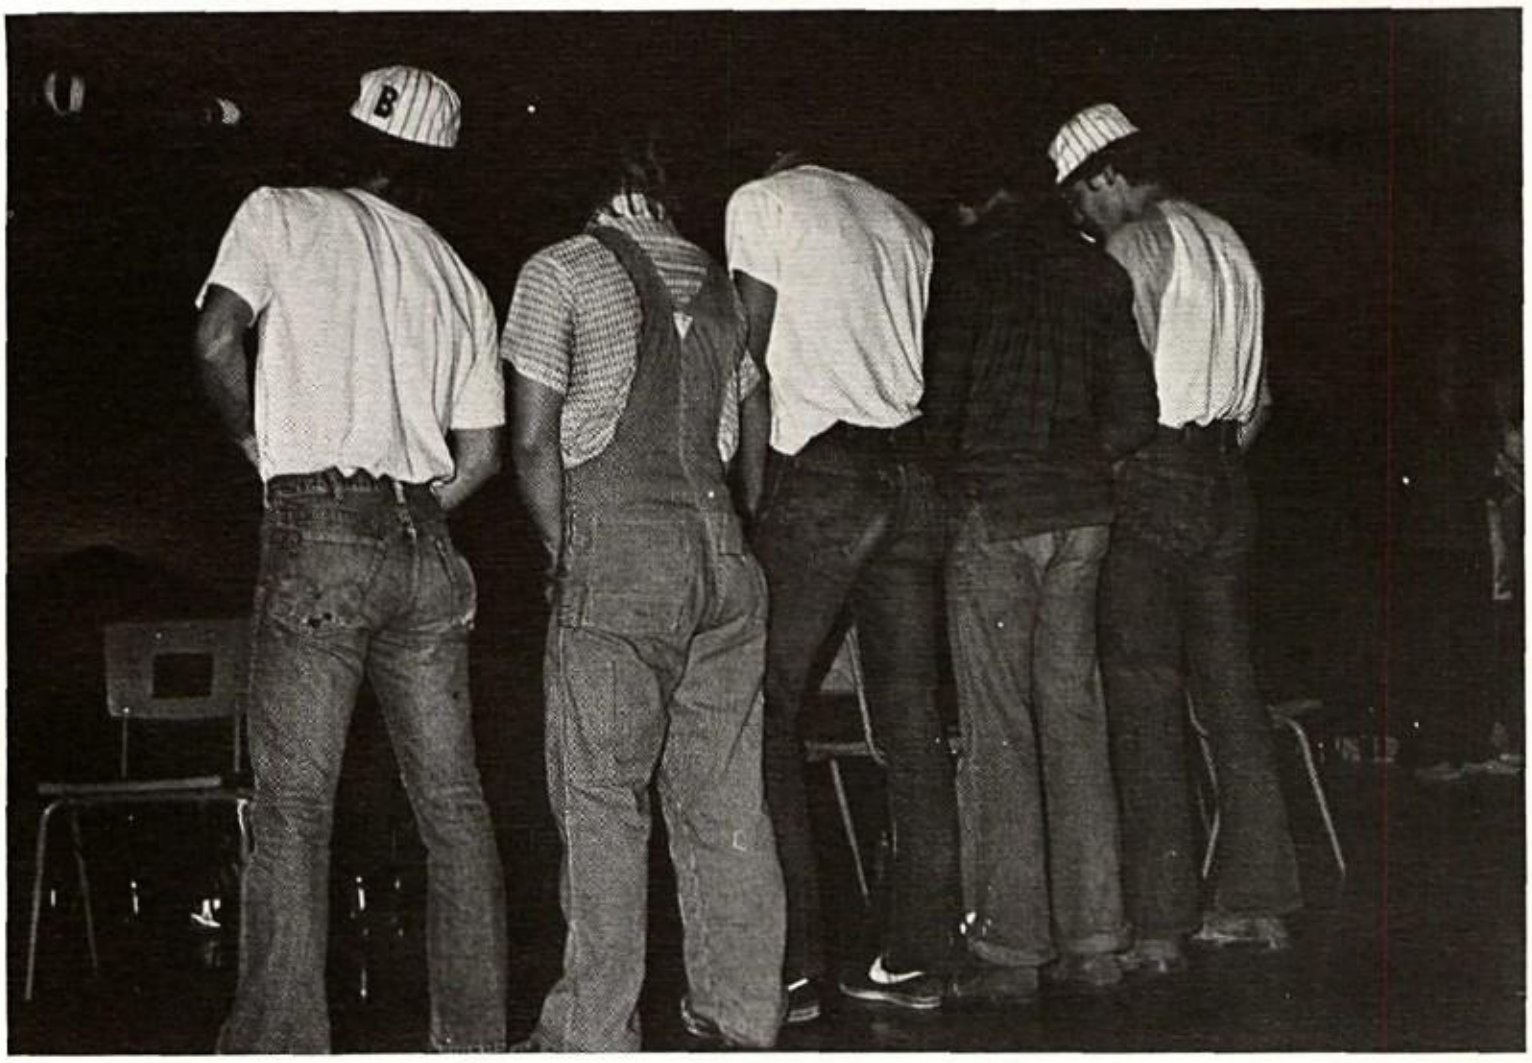
the seniors
were kept quite busy
the week before graduation.
because

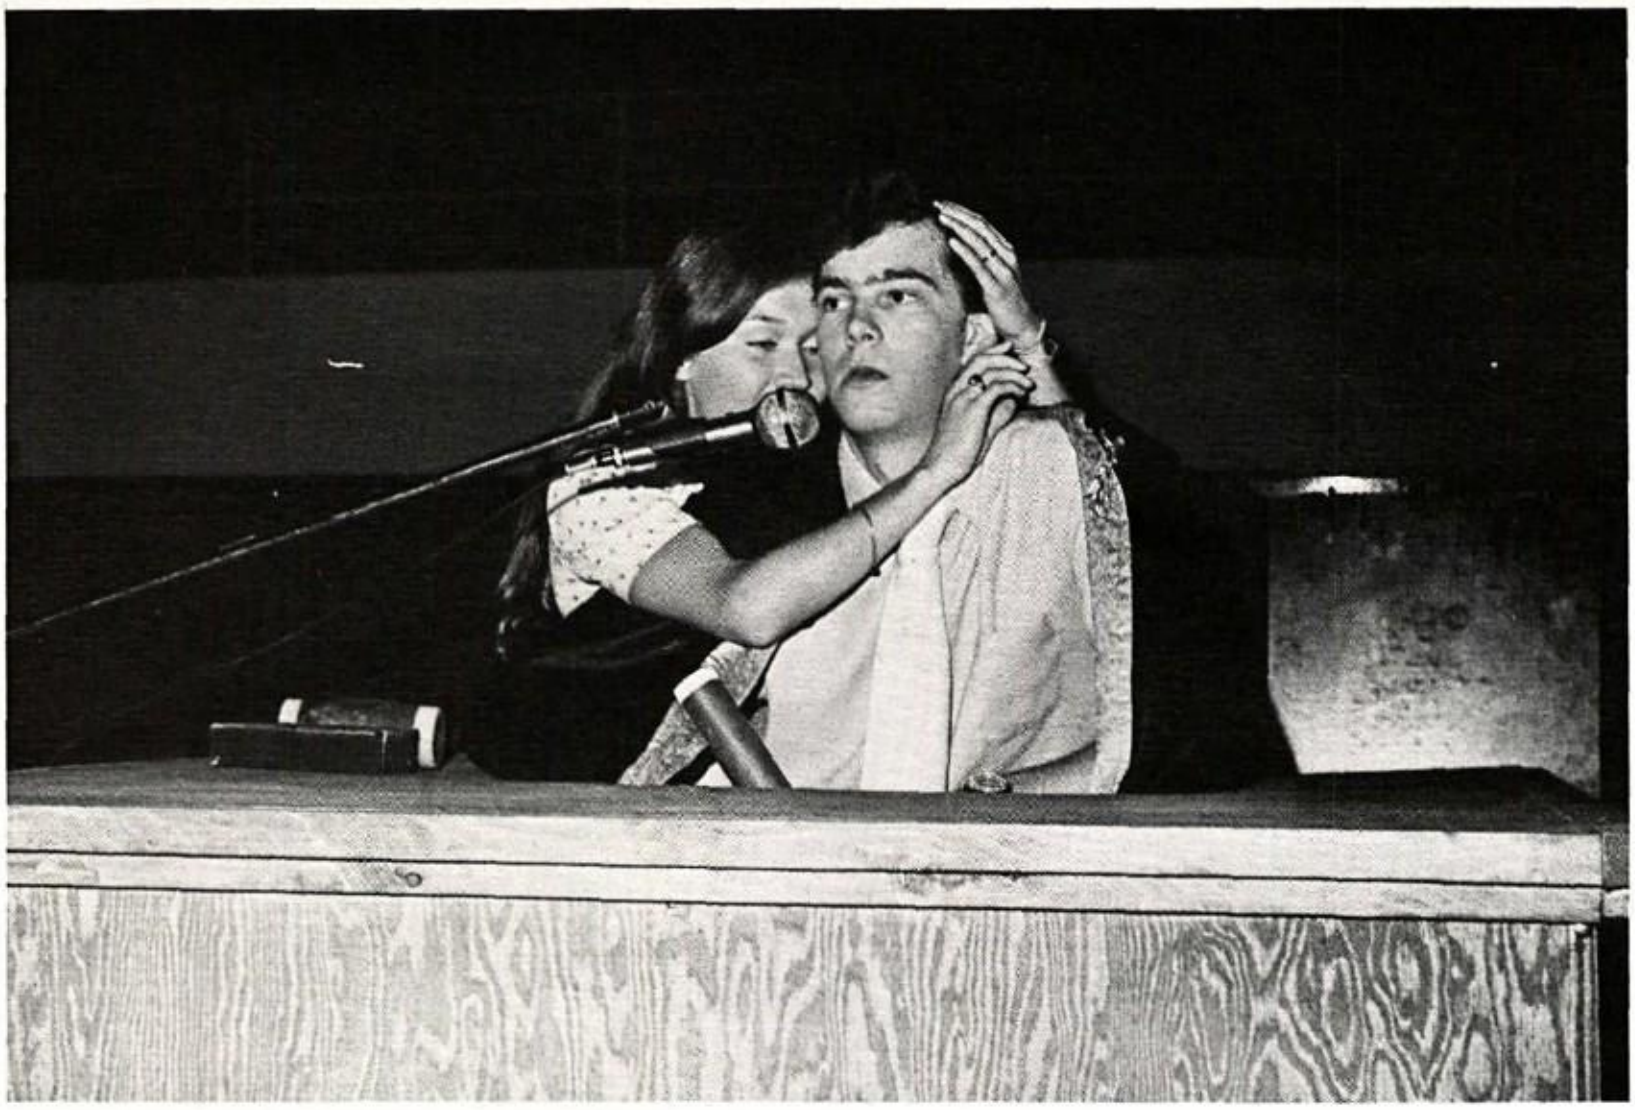
senior activities

never quite.
starting with the
senior banquet, next
came senior awards and
senior assembly, the
junior-senior prom,
senior breakfast,
baccalaureate, and finally
commencement.

Romney Oualline and Sam Davis were crowned Mr. and Miss Patriot at the senior assembly held in the Boy's Gym May 14.



The Twelve Year Club's skit, "Smoking in the Boy's Room", seemed to be the best of the senior assembly.



Brian Davenport, alias disciplinarian Dwain Jinda, is persuaded by Sherry Dutton to ease her punishment. She finally persuaded him to let her spend detension time with him in his office.

All graduating seniors were invited to spend graduation morning in the school cafeteria where senior breakfast was served.

it was 8 p.m. on May 17, 1974
and it was the time to be at the

prom

the theme for this year was
"your magic moment" which fit
in with the band "magic" from dallas.
this year the seniors decided
to recieve a gift from the junior class,
which was oj speaking from

Everybody really got into the Prom, as you can tell!

at last-finally-and
amidst tears and last goodbyes

graduation

took it's toll of 596 seniors.
Most can look back on
their years at West as good ones.
What will all these people do?
no one knows,
and it seems to some
that no one really cares.
No matter what they do
they just all add on
to all of life's long lists.

hard work, long hours
many close calls,
last minute decisions,
and just one more class
were part of everybody's daily routine.
some say that leaving west
is leaving their security,
their only place of really
belonging, others think that
graduating brings you into an
exciting and independent world.
